

HARDING BREAKS GROUND FOR NEW PEACE STRUCTURE

Hopes to Erect it
About World Court
of Justice

CANDIDATE OUTLINES FOREIGN POLICY

MARION, O., Aug. 28.—Turning away from the Versailles league of nations as a failure and a wreck, "beyond the possibility of reconstruction," Senator Harding broke ground today for a new international peace structure he hopes to erect about the principle of a world court of justice.

As foundation-temple, he proposed to use the better features of the present Hague tribunal and of the covenant of the "failed league" and he promised that from the day of his election he would give to the task his best effort in counsel with the ablest statesmen of the world. Detailed specifications he said he could not yet supply in the changing atmosphere of world conditions and opinions.

Regain Moral Leadership.
His deliverance was made in a front porch speech voicing his conception of a foreign policy. His greatest ambition, he said, was to regain for America the moral leadership it had lost when "ambition sought to superimpose a reactionary theory of discredited autocracy upon the progressive principle of living, glowing democracy."

To Mexico and the other Western republics he declared himself ready to extend a helping hand, but he admonished the world that all the resources of the United States would guarantee to American life and property everywhere.

Sought to Aid Stricken People.
Professing also his desire to aid the stricken peoples of the old world, he recounted how this sentiment had led him to vote with grave misgivings, for ratification of the league covenant with reservations. He affirmed that he would do so under similar circumstances but added that conditions had changed and that the Polish crisis had shown the league so impotent that its agencies were not even called into use.

Had the United States assumed the obligations of Article X, he asserted it would long since have been called upon to stem the tide of Russian invasion and could not have refused without "appearing as a waverer" before the world. He quoted a declaration of Premier Lloyd George that it was impossible to send an international army to Poland because the European nations "could not furnish the troops and the United States had withdrawn from cooperation."

That meant, in plain words, he said, that the United States had not completed the obligation, "to furnish the troops."

BRITTEN SAYS HE DID NOT MEAN TO ACCUSE GEDDES

Does Not Believe Money
Ever Reached the
Embassy

SPEND MONEY FOR PEACE COVENANT

CHICAGO, Aug. 28.—Congressman Fred Britten of Illinois tonight declared that when he charged a few days ago that \$87,500 appropriated by Great Britain for entertainment purposes at the Washington embassy had "found its way into the Democratic national committee," he was not accusing Sir Auckland Geddes of any act not in conformity with his office.

"In fact, I do not believe this money ever actually found its way to the British embassy in Washington," he said. "If the senate committee will follow the leads I shall give it when I testify, I think it will find that a much larger amount is being spent in America thru British commercial agents in the direct interests of the peace covenant and the British league of nations, which President Wilson brought back."

PHILIPPINES SEE
HOPE IN BRITAIN'S PLAN.
Manila, I., Aug. 28.—Report plans of Great Britain to grant independence to Egypt, constitute, for the Philippines, the best news since the signing of the armistice, Governor-General Francis Barton Harrison declared today.

SENATOR LODGE SAYS LEAGUE IS ABSOLUTE FAILURE

May Be Impossible to Ratify
With Reservations

COOLIDGE CONDEMNS FOREIGN POLICY

BOSTON, Aug. 28.—The league of nations was condemned by Senator Lodge in an address at a mass meeting of the Republican League of Massachusetts, at Braves field today.

The league which has got all members in it but one, he said has been an absolute failure. "It hasn't accomplished anything."

"It may be impossible to ratify with reservations," said Senator Lodge. "It may be undesirable to do so, it may be necessary to enlarge and strengthen the reservations, or it may be best to put aside this ill-drawn, ill-conceived league and to take up under the auspices of the United States a new agreement, association or league composed of all nations of the earth under the leadership of the United States. That is a solution which commends itself, I believe, to Senator Harding."

The foreign policy of the administration was denounced by Governor Coolidge in an address devoted almost entirely to a discussion of foreign affairs.

"The policy of the present administration, which their candidate is bound to continue," he said, "can only result in a continuation of the discredit of the nation abroad."

Senator Lodge charged that the league had "never interfered with the invasion of Poland by Russia, had never interfered to hold back Turkey from Armenia, had never done anything in the matter of Persia, and had never done anything to reach a solution of the Fiume question."

"It has done nothing," he said, "and yet it is full of menace. Europe, I think, is pretty well sick of it and would be glad to be rid of it. They don't feel about our president as they did."

He explained the European situation "was changing every day" and that "we should not bind our candidate to any pledge of what he should do with the league question seven months hence."

"It is almost a sacrilege," he said, "to suggest that within the four corners of the document the hopes of the world's good are tied up in a document prepared by General Smuts and Lord Robert Cecil, with one article put in by President Wilson, which, we have from him, is the heart of the covenant."

The league as brought back by Mr. Wilson, is nothing but a political alliance, he added. "All full of enforcement and very little peace in it."

He was severe in his denunciation of Article 10, which he said, differed from every other article in the covenant in that it constituted an individual obligation.

"If we were a member of the league, under article X, if Poland summoned us, we would have to go. No action of the league would be necessary."

Senator Lodge said that when he spoke of Mr. Wilson and his attitude toward the league he was speaking also of Mr. Cox. Governor Cox, he said, had suggested two reservations, "but they were not worth the paper on which they were printed. They were perfectly vague and loose—merely expression of opinion."

When Senator Harding is president," he said, "he will not try to run this government by himself and for himself. Neither is he seeking to win by personal abuse, dealing with some obscure charge about contributions. He is dealing with the great public questions of the day."

SITUATION IN KOREA BECOMES SERIOUS

Tokio, Aug. 28.—(By The Associated Press)—The situation in Korea is becoming more serious, said General Utsunomia, commander of Japanese forces in that country, who was interviewed by the correspondent of Yamao Shimbun. He said conditions have been aggravated by activities of Korean nationalists, especially in Manchuria. The general expressed the opinion that moderation in the police situation in Korea is impossible at present because a serious outbreak may occur at any time.

MONTHLY REVIEW SAYS THINGS LOOK BRIGHTER

Cleveland, O., Aug. 28.—Some business men fail to realize that a slowing-up of business is sometimes a health sign, according to the monthly review of the fourth federal reserve bank today.

The future looks brighter now than ever, says the statement. The yield of American farms this year will be one of the most valuable in our history, and goes a long way toward assuring a continuation of prosperity.

KING GEORGE IN COMMUNICATION WITH PREMIER

Consults Him Relative
to Lord Mayor
of Cork

BISHOP CALLS ON MacSWEENEY

GENEVA, Aug. 28.—(By The Associated Press).—It is understood King George was in communication with Premier Lloyd George at Lucerne, regarding the lord mayor of Cork, who is reported dying in Brixton prison, London. The results are not known, although it is stated there is little chance of the king using his prerogative of clemency while Mr. Lloyd George remains firm in his determination not to interfere.

The Premier Hammer Greenwood for Ireland, had brought an ultimatum for the Irish demonstration is declared untrue.

Queen Asked to Intervene.
Redmond Howard today telegraphed the Queen asserting that one of MacSweeney's lungs is affected and begging her intervention.

The mayor's wife, with his sister, Mary MacSweeney, visited him today. The latter contradicted the report that the prison doctor was administering poison in drinking water.

Condition is Grave

Cork, Aug. 28.—Today was the nineteenth day of a hunger strike by a dozen Sinn Feiners in the city jail and their condition was said to be extremely grave.

Relatives have gathered daily outside the prison but have not advised the prisoners to abandon their strike. The strikers themselves appear determined as was evinced by their refusal yesterday to take water because they believed food substance had been added to it.

Two London specialists arrived today and it was said they had been sent by the home office.

Bishop Cohalan Calls

London, Aug. 28.—A bishop, Daniel Cohalan of Cork, accompanied by two aides of Cork, today visited Lord Mayor MacSweeney. The aides men said: "The doctor thinks him little changed for the moment. He is thinner and more sunken in the face. The doctor adds that any moment may come the change which will put our sufferer beyond hope of bodily release."

SIBERIAN PEASANTS OVERTHROW SOVIETS

Uprising in Progress Since Spring
Culminates in General Insurrection
—Tribesmen Join With
Cossacks.

Harbin, Manchuria, Aug. 28.—(By The Associated Press).—Western Siberian peasants have overthrown the soviets at Tomsk, Novonikolayevsk, Omsk, Barnaul and other important towns it is reported here from reliable sources. Isolated peasant uprisings which have been in progress since spring appeared to have culminated in a general insurrection. This was led by an uprising of the Kirghiz tribesmen which followed the withdrawal of the bolshevik troops, presumably for the Polish front.

The tribesmen were joined by Cossacks and detachments of anti-bolshevik troops which furnished competent leadership. This force marched on the more important positions but found them already in the hands of the insurgents. Two thousand Russian officers released from bolshevik prisons also are said to have joined the new anti-bolshevik forces.

The insurgent movement is reported to be spreading. Outbreaks are already frequent in the far east where it is expected the soviet regime will soon fall.

DENVER TO ORGANIZE STATE CONSTABULARY

UNITED STATES SATISFIED WITH POLISH STATEMENT

British Course is Not Approved by This Country

NO FEAR OF BECOMING INVOLVED

WASHINGTON, Aug. 28.—The United States according to the view expressed today by a high official of the government, will not regard Poland's intentions as to insist upon specific statements re-bolshevik Russia. This government is satisfied, it was said, with a denial of imperialistic aims and the general statement that Poland did not seek territorial aggression.

It was stated authoritatively the position of the United States was midway between those taken by France and Great Britain. The British endeavor to prevent the Poles from entering Russia even for military expediency does not meet wholly with the approval of the United States, according to this official view. On the other hand it was declared the willingness of France that Poland should acquire additional territory beyond the so-called ethnographic line was not in accord with the position of the United States.

The dispatching of the American armored cruiser Pittsburgh to Danzig was taken solely with a view to protection of American lives, property and rights, officials said. They pointed out that this government had no intention of becoming involved in any military operation at Danzig and was not fearful any serious situation would arise to call for the use of allied forces there.

ONE KILLED AND TEN INJURED IN EXPLOSION

DETROIT, Aug. 28.—One man died tonight from injuries received in an explosion early today at the plant of the Detroit Pressed Steel Company, ten other employees were hurt by collapsing walls but all are expected to recover. The man killed was Kett Sorenson, who operated an oxygen apparatus.

The explosion, according to officials of the company, was due to the bursting of a huge oxygen tank in a building some distance from the main plant. The force of the explosion caved in the walls of one of the smaller buildings. Damage to equipment was slight and operations will be resumed Monday.

GOV. LOWDEN ATTACKS LEAGUE OF NATIONS

OKLAHOMA CITY, Okla., Aug. 28.—Governor Frank O. Lowden, of Illinois, the principal speaker at the Republican state ratification convention today delivered a vigorous attack against the league of nations covenant, "in the perfect form in which it was with great pomp and display, brought to our shores by Woodrow Wilson."

"The supreme issue in this campaign is the preservation of American institutions, and I realize that our adversaries will not discuss the real issues," he said.

AERIAL SQUADRON PLAYING IMPORTANT PART

Lemberg, Aug. 26.—The Koschusko Aerial squadron is playing an important part in the defense of Lemberg. Prisoners report the morale of General Budenny's troops is being shattered by the effective work of the aviators under Major Fautleroy, now air commander on the southern front.

NEW YORK, Aug. 28.—Employees of the Brooklyn Rapid Transit Company at a mass meeting tonight voted to defer for one week action on the question of a strike.

TOKIO, Aug. 28.—The delegation of American congressmen touring the far east reached Shimonoeki from Korea today.

FEDERAL AGENTS MAKE WHOLESAL WHISKEY RAIDS

Cover Three States and
Make Seventy-Five
Arrests

PROMINENT MEN SAID TO BE IMPLICATED

DENVER, Colo., Aug. 28.—Whiskey and drug raids during the last week in which 75 arrests were made, liquor and narcotics valued at \$60,000 confiscated, and scores of stills seized thruout Colorado, Wyoming and Montana were made public tonight by federal prohibition agents here.

The men in custody include merchants, prominent ranchmen, a justice of the peace and hotel owners, officials said. They declare their investigations revealed that the whiskey was smuggled from Canada and distributed thruout western states by mail.

Rings Well Organized

The alleged "rings" were well organized but operated independently officials declared. The drug ring, they said, had its headquarters in Billings, Montana. Headquarters of the whiskey ring was in and near Kemmerer and Evansville, Wyoming.

Officials in charge of the drug raids described operations unearthed in Billings as similar to popular conceptions of Chinatown. They claimed to have found young men and girls drugged.

PASSENGER TRAIN ENGINE JUMPS TRACK

Endangers Lives of State Fair
Visitors—No One Was Injured.

Springfield, Ill., Aug. 28.—Lives of scores of street car passengers returning from the State Fair Grounds were endangered this afternoon when the Chicago & Alton passenger train for Peoria, in crossing a bridge above the street left the tracks and made the crossing on the ties. It plowed up the tracks of the Cincinnati, Indianapolis & Western railroad on the other side of the bridge and then rolled over.

Both Engineer Charles Johnson and Fireman Millinger of this city escaped injury by jumping. The coaches remained on the track. Railroad officials are at a loss to explain the accident.

Switching equipment, they said, is in perfect condition and from all evidence worked this afternoon.

FIRE DOES DAMAGE IN BUSINESS CENTER

South St. Paul, Minn., Aug. 28.—A loss estimated at \$75,000 was caused by fire which swept three buildings in the heart of the business section this afternoon. The cause of the blaze is unknown. It started in a drug store and an explosion of chemicals threw flames to adjoining buildings.

BRITISH SHIPS MANAGE TO SAIL DESPITE STRIKE

All But One of Liners
Left as Scheduled
Saturday

BAGGAGE LOADED BY OFFICE FORCE

NEW YORK, Aug. 28.—Eritish steamship lines apparently won a victory today over the 2,000 or more longshoremen who yesterday sought to tie up all vessels flying the British flag by going out on a sudden strike which they declared would continue until Archbishop Mannix is allowed on Irish soil and Terence MacSweeney, lord mayor of Cork, is released from prison. All but one of the big British liners scheduled to sail today departed. The Cunard liner Pannonia, will leave tomorrow, officials said.

Most of the firemen on the Pannonia walked out in sympathy with the strikers and the Cunard line could not readily replace them. The crews of other vessels remained virtually intact.

Hundreds of longshoremen who quit work yesterday returned today with the encouragement of union officials who announced they regretted the walkout coming just before new wage demands are to be presented.

Work went ahead well at the Cunard line and American and French ship docks, but at the White Star line, boats, where the strike had its inception no longshoremen reported and there was little activity in the holds of the vessels scheduled to depart next week.

Ships Late in Getting Away.
Most of the ships were late in getting away today, the loading of baggage in some cases being done by the office force of the steamship line, with anxious passengers occasionally lending a hand.

The Aquitania with Prince Carol of Rumania aboard left at 4:45 o'clock and twenty minutes later the White Star liner Olympic followed. These two liners are expected to be near one another all the way to Southampton, and a possible Trans-Atlantic speed record is looked for.

There was no disorder along the waterfront today although longshoremen continually thronged corners while women pickets and Irish orators held forth.

ROOSEVELT TALKS ON REPUBLICAN SLUSH FUND

Omaha, Neb., Aug. 28.—Franklin D. Roosevelt devoted considerable time in an address here tonight in discussing what he declared was the Republican "slush fund," declaring that Senator Harding should discharge Will H. Hays and Fred W. Upham, national chairman and treasurer, respectively, of the Republican party. He also defended his record as assistant secretary of the navy.

GOVERNOR COX SPENDS BUSY DAY IN NEW YORK CITY

Makes Several Addresses
to Empire State
Democracy

LEAGUE ISSUE PARAMOUNT ONE

NEW YORK, Aug. 28.—Governor Cox spent today hustling thru a full program. Speeches, parades, receptions, luncheon at a hotel, a view of police field day games at Gravesend race track where a huge crowd was addressed and a dinner with party leaders tonight gave him the busiest day of his campaign. Thousands saw and heard him as there was a constant battery of motion picture and other photographers.

The governor's principal address was at the democratic luncheon, attended by hundreds of party notables. At Gravesend this afternoon he was compelled to cut short his speech to fifteen minutes. Another brief address was delivered to a crowd at the public library where he stopped en route to Gravesend.

Reiterated Charges.
In his luncheon address, Governor Cox reiterated his charges that contributions were being collected by Republican leaders toward a \$15,000,000 corruption fund, and promised further revelations, but did not give any additional information today. World peace, by America's entrance into the league of nations, industrial problems and pleas for Americanization of foreign born citizens also featured his address. In all he predicted democratic victory next fall.

"The enemy has sought to deny my charges," he said, "but none of them makes the same kind of denial."

"We have not yet started in the revelations which will be made to the public," he said.

Governor Smith and William G. McAdoo, who introduced Governor Cox, at the luncheon, also assailed Republican financing. The latter referred to Chairman Hays and Treasurer Upham of the Republican national committee as the "Gold Dust Twins."

"I want to express my unequalled admiration of Governor Sox for bringing this so forcibly to the attention of the public," said McAdoo.

Cox Hope of Democracy.

Governor Smith referred to the candidate "as the hope of democracy throughout the world," and declared that New York liked "a good clean fight, out from the shoulder."

Arriving at Gravesend an hour late the governor was forced to compete with the police games. Airplanes roared over his head and a sound amplifying device gave his voice a caucous tone and also apparently failed to carry it to the vast crowd.

After a brief talk the governor gave up.

The league issue was emphasized by the governor as paramount in the campaign to be waged he said between champions of progress and reaction.

ARCHBISHOP MANNIX WAS ADMONISHED

Was Addressed Early in August
While Archbishop Was at London—Received Same Word as That Sent to Cardinal Mercier During the War.

Rome, Aug. 28.—The admonition addressed to Archbishop Mannix, while at London early in August was sent by the Consistorial congregation, under whose jurisdiction are the European as the American and Australian episcopacies. It is a body of so great importance that it has the pope as prefect or chairman.

Cardinal Delai, its active secretary, having received numerous reports concerning the political activity of Archbishop Mannix both in Melbourne and the United States is giving careful consideration to his case comparing it with similar cases during the war.

Cardinal Delai's decision convinced Archbishop Mannix had exceeded proper expression of his opinion and addressed to him the same exhortation to be moderate as was sent to Cardinal Mercier and some of the French bishops.

Great Britain, it is stated, brought strong pressure to bear for a public exhortation, which the vatican finally conceded.

DOCK WORKERS REFUSE TO UNLOAD MUNITIONS

London, Aug. 28.—Dock workers at Danzig have refused to unload war munitions from the American Steamers New Rochelle and Susquehanna and troops are obliged to discharge the cargoes, according to a Lloyd's dispatch from Danzig.

WHITE MAN LYNCHED BY MOB AT TULSA

Tulsa, Okla., Aug. 28.—A mob estimated at 2,000 persons tonight participated here in the lynching of Tom Owens, white, accused of the shooting of Homer Nida, a taxicab driver, who died at a local hospital early Friday morning.

Belfast, Aug. 28.—Three special policemen have been arrested here in connection with the recent looting. They are charged with house breaking.

PRISONERS SAID TO BE ORGANIZING ANTI RED ARMY

Reds Will be Offered
Reward for Their
Surrender

POLISH DELEGATES VIRTUALLY PRISONERS

WARSAW, Aug. 28.—(By The Associated Press).—An anti-bolshevik army is being organized chiefly among prisoners captured in the counter-offensive which ousted the Reds from Poland. The organization is under the direction of General Glanapp, and the recruits are being taken from prison camps, only volunteers being accepted.

A new scheme to induce the Reds to surrender has been introduced. Propaganda is scattered among the Reds by balloons and other means.

It consists of a pamphlet asking the Reds to surrender, offering a reward. Assurances is given that the men surrendering will be fed and well looked after.

At last accounts many Reds were coming thru the Polish line, bearing the permits and looking for the reward as promised.

Prince Sapieha, Polish foreign minister, left today for Brest-Litovsk where on Sunday he will confer with M. Dombalski, head of the Polish delegation at Minsk.

Are Virtually Prisoners.

According to word here, the Polish delegates at Minsk are virtually prisoners and are looked upon as spies. In addition to not getting enough to eat it is declared the food they receive does not suit them. However, their chief complaint is the lack of communication.

PHILIPPINES SEE HOPE IN BRITAIN'S PLAN

Manila, P. I., Aug. 28.—Report plans of Great Britain to grant independence to Egypt, constitute, for the Philippines, the best news since the signing of the armistice, Governor-General Francis Barton Harrison declared today.

"The precedent established by Great Britain is directly applicable to the Philippine Islands," he said. "The terms, as reported, coincide very closely with suggestions which I made to the joint committee in congress for independence of the Philippines."

SENATOR LODGE SAYS LEAGUE IS ABSOLUTE FAILURE

May Be Impossible to Ratify With Reservations

COOLIDGE CONDEMNS FOREIGN POLICY

BOSTON, Aug. 28.—The league of nations was condemned by Senator Lodge in an address at a mass meeting of the Republican League of Massachusetts, at Braves field today.

The league which has got all members in it but one, he said has been an absolute failure.

"It hasn't accomplished anything,"

"It may be impossible to ratify with reservations," said Senator Lodge. "It may be undesirable to do so, it may be necessary to enlarge and strengthen the reservations, or it may be best to put aside this ill-drawn, ill-conceived league and to take up under the auspices of the United States a new agreement, association of league composed of all nations of the earth under the leadership of the United States. That is a solution which commends itself, I believe, to Senator Harding."

The foreign policy of the administration was denounced by Governor Coolidge in an address devoted almost entirely to a discussion of foreign affairs.

"The policy of the present administration, which their candidate is bound to continue," he said, "can only result in a continuation of the discredit of the nation abroad."

Senator Lodge charged that the league had "never interfered with the invasion of Poland by Russia, had never interfered to hold back Turkey from Armenia, had never done anything in the matter of Persia, and had never done anything to reach a solution of the Fiume question."

"It has done nothing," he said, "and yet it is full of menace. Europe, I think, is pretty well sick of it and would be glad to be rid of it. They don't feel about our president as they did."

He explained the European situation was changing every day, and that "we should not have our candidate to any pledge of what he should do with the league question seven months hence."

"It is almost a sacrilege," he said "to suggest that within the four corners of the document the hopes of the world's good are tied up—in a document prepared by General Smuts and Lord Robert Cecil, with one article put in by President Wilson, which we have from him, is the heart of the covenant."

The league as brought back by Mr. Wilson, is nothing but a political alliance, he added, "all full of enforcement and very little peace in it."

He was severe in his denunciation of Article 10, which he said, differed from every other article in the covenant in that it constituted an individual obligation.

"If we were a member of the league, under article X, if Poland summoned us, we would have to go. No action of the league would be necessary."

Senator Lodge said that when he spoke of Mr. Wilson and his attitude toward the league he was speaking also of Mr. Cox, Governor Cox, he said, had suggested two reservations, "but they were not worth the paper on which they were printed. They were perfectly vague and loose—merely expression of opinion."

"When Senator Harding is president," he said, he will not try to run this government by himself and for himself. Neither is he seeking to win by personal abuse, dealing with some obscure charge about contributions. He is dealing with the great public questions of the day."

SITUATION IN KOREA BECOMES SERIOUS

Tokio, Aug. 28.—(By The Associated Press)—The situation in Korea is becoming more serious, said General Utsunomia, commander of Japanese forces in that country, when interviewed by the correspondent of Yomato Shimbun. He said conditions have been aggravated by activities of Korean nationalists, especially in Manchuria. The general expressed the opinion that moderation in the police situation in Korea is impossible at present because a serious outbreak may occur at any time.

MONTHLY REVIEW SAYS THINGS LOOK BRIGHTER

Cleveland, O., Aug. 28.—Some business men fail to realize that a slowing up of business is sometimes a health sign, according to the monthly review of the fourth federal reserve bank today.

The future looks brighter now than ever, says the statement. The yield of American farms this year will be one of the most valuable in our history, and goes a long way toward assuring a continuation of prosperity.

KING GEORGE IN COMMUNICATION WITH PREMIER

Consults Him Relative
to Lord Mayor
of Cork

BISHOP CALLS ON MACSWEENEY

GENEVA, Aug. 28.—(By The Associated Press).—It is understood King George was in communication with Premier Lloyd George at Lucerne, regarding the lord mayor of Cork, who is reported dying in Brixton prison, London. The results are not known, although it is stated there is little chance of the king using his prerogative of clemency while Mr. Lloyd George remains firm in his determination not to interfere. Premier Hammer Greenwood for Ireland, had brought an ultimatum for the Irish demonstration is declared untrue.

Queen Asked to Intervene

Redmond Howard today telegraphed the Queen asserting that one of MacSweeney's lungs is affected and begging her intervention.

The mayor's wife, with his sister, Mary MacSweeney, visited him today. The latter contradicted the report that the prison doctor was administering proteins in drinking water.

Condition is Grave

Cork, Aug. 28.—Today was the nineteenth day of a hunger strike by a dozen Sinn Feiners in the city jail and their condition was said to be extremely grave.

Relatives have gathered daily outside the prison but have not advised the prisoners to abandon their strike. The strikers themselves appear determined as was evinced by their refusal yesterday to take water because they believed food substance had been added to it.

Two London specialists arrived today and it was said they had been sent by the home office.

Bishop Cohalan Calls

London, Aug. 28.—A bishop, Daniel Cohalan of Cork, accompanied by two aldermen of Cork, today visited Lord Mayor MacSweeney. The aldermen said:

"Terrence MacSweeney is calm. The doctor thinks him little changed for the moment. He is thinner and more sunken in the face. The doctor adds that at any moment may come the change which will put our sufferer beyond hope of bodily release."

SIBERIAN PEASANTS OVERTHROW SOVIETS

Uprising in Progress Since Spring
Culminates in General Insurrection
—Tribesmen Join With
Cossacks.

Harbin, Manchuria, Aug. 28.—(By The Associated Press).—Western Siberian peasants have overthrown the soviets at Tomsk, Novonikolayevsk, Omsk, Barnaul and other important towns it is reported here from reliable sources. Isolated peasant uprisings which have been in progress since spring appeared to have culminated in a general insurrection. This was led by an uprising of the Kirghiz tribesmen which followed the withdrawal of the bolshevik troops, presumably for the Polish front.

The tribesmen were joined by Cossacks and detachments of anti-bolshevik troops which furnished competent leadership. This force marched on the more important positions but found them already in the hands of the insurgents. Two thousand Russian officers released from bolshevik prisons also are said to have joined the new anti-bolshevik forces.

The insurgent movement is reported to be spreading. Outbreaks are already frequent in the far east where it is expected the soviet regime will soon fall.

DENVER TO ORGANIZE STATE CONSTABULARY

DENVER, Colo., Aug. 28.—Immediate organization of a state constabulary to take over police powers in Denver when federal troops sent here because of rioting growing out of a street car strike are withdrawn was agreed upon today at a meeting of state and city officials. United States army officers and Denver business men. The suggestion was made by Major General Wood, who said federal troops now here would be withdrawn about September 6.

TENNESSEE HAS HEAVY RAINFALL SATURDAY

Kansas City, Mo., Aug. 28.—Rain fell generally today over the greater part of Missouri, Kansas, Oklahoma and Texas, according to reports tonight to the local weather bureau. Texas, it was said, received the heaviest precipitation, ranging from a half to two inches. No reports of serious flood danger in any of the states has been received, but in a number of localities, rivers and creeks were said to be rising.

WANT GOV. ROBERTS TO GIVE UP NOMINATION

Murfreesboro, Tenn., Aug. 28.—Resolutions calling on Governor Roberts to give up the Democratic nomination for re-election because of his suffrage activities were adopted today at a meeting of anti-suffragists.

The Anti also asked that a state convention be called at Nashville Sept 15 to name a nominee.

UNITED STATES SATISFIED WITH POLISH STATEMENT

British Course is Not Approved by This Country

NO FEAR OF BECOMING INVOLVED

WASHINGTON, Aug. 28.—The United States according to the view expressed today by a high official of the government, will not regard Poland's intentions as to insist upon specific statements re-bolshevik Russia. This government is satisfied, it was said, with a denial of imperialistic aims and the general statement that Poland did not seek territorial aggression.

It was stated authoritatively the position of the United States was midway between those taken by France and Great Britain. The British endeavor to prevent the Poles from entering Russia even for military expediency does not meet wholly with the approval of the United States, according to this official view. On the other hand it was declared the willingness of France that Poland should acquire additional territory beyond the so-called ethnographic line was not in accord with the position of the United States.

The dispatching of the American armored cruiser Pittsburgh to Danzig was taken solely with a view to protection of American lives, property and rights, officials said. They pointed out that this government had no intention of becoming involved in any military operation at Danzig and was not fearful "any serious situation would arise to call for the use of allied forces there."

ONE KILLED AND TEN INJURED IN EXPLOSION

DETROIT, Aug. 28.—One man died tonight from injuries received in an explosion early today at the plant of the Detroit Pressed Steel Company, ten other employees were hurt by collapsing walls but all are expected to recover. The man killed was Kett Sorenson, who operated an oxygen apparatus.

The explosion, according to officials of the company, was due to the bursting of a huge oxygen tank in a building some distance from the main plant. The force of the explosion caved in the walls of one of the smaller buildings. Damage to equipment was slight and operations will be resumed Monday.

GOV. LOWDEN ATTACKS LEAGUE OF NATIONS

OKLAHOMA CITY, Okla., Aug. 28.—Governor Frank O. Lowden of Illinois, the principal speaker at the Republican state ratification convention today delivered a vigorous attack against the league of nations covenant, "in the perfect form in which it was with great pomp and display, brought to our shores by Woodrow Wilson."

"The supreme issue in this campaign is the preservation of American institutions, and I realize that our adversaries will not discuss the real issues," he said.

AERIAL SQUADRON PLAYING IMPORTANT PART

Lemberg, Aug. 26.—The Koschusko Aerial squadron is playing an important part in the defense of Lemberg. Prisoners report the morale of General Budenny's troops is being shattered by the effective work of the aviators under Major Fautleroy, now air commander on the southern front.

FIRE DOES DAMAGE IN BUSINESS CENTER

South St. Paul, Minn., Aug. 28.—A loss estimated at \$75,000 was caused by fire which swept three buildings in the heart of the business section this afternoon. The cause of the blaze is unknown. It started in a drug store and an explosion of chemicals threw flames to adjoining buildings.

MADRID, Aug. 28.—The report is current tonight that Premier Dato will offer the resignation of the entire cabinet to King Alfonso Monday night. It is generally believed that the king will not accept this resignation.

MADRID, Aug. 28.—The official Gazette will public tomorrow a statement that the Spanish budget for the past fiscal year showed a deficit of 247,000,000 pesetas.

NEW YORK, Aug. 28.—Employees of the Brooklyn Rapid Transit Company at a mass meeting tonight voted to defer for one week action on the question of a strike.

TOKIO, Aug. 28.—The delegation of American congressmen touring the far east reached Shimodake from Korea today.

FEDERAL AGENTS MAKE WHOLESALE WHISKEY RAIDS

Cover Three States and
Make Seventy-Five
Arrests

PROMINENT MEN SAID TO BE IMPLICATED

DENVER, Colo., Aug. 28.—Whiskey and drug raids during the last week in which 75 arrests were made, liquor and narcotics valued at \$60,000 confiscated, and scores of stills seized thruout Colorado, Wyoming and Montana were made public tonight by federal prohibition agents here.

The men in custody include merchants, prominent ranchmen, a justice of the peace and hotel owners, officials said. They declare their investigations revealed that the whiskey was smuggled from Canada and distributed thruout western states by mail.

Rings Well Organized
The alleged "rings" were well organized but operated independently officials declared. The drug ring, they said, had its headquarters in Billings, Montana. Headquarters of the whiskey ring was in and near Kemmerer and Evansville, Wyoming.

Officers in charge of the drug raids described conditions unearthed in Billings as similar to popular conceptions of Chinatown. They claimed to have found young men and girls drugged.

PASSENGER TRAIN ENGINE JUMPS TRACK

Endangers Lives of State Fair
Visitors—No One Was Injured.

Springfield, Ill., Aug. 28.—Lives of scores of street car passengers returning from the State Fair Grounds were endangered this afternoon when the Chicago & Alton passenger train for Peoria, in crossing a bridge above the street, left the tracks and made the crossing on the ties. It plowed up the tracks of the Cincinnati, Indianapolis & Western railroad on the other side of the bridge and then rolled over.

Both Engineer Charles Johnson and Fireman Millinger of this city escaped injury by jumping. The coaches remained on the track. Railroad officials are at a loss to explain the accident.

Switching equipment, they said, is in perfect condition and from all evidence worked this afternoon.

HUME, MISSOURI HAS FIERCE STORM BULLETIN.

PITTSBURG, Kans., Aug. 28.—The dispatcher's office of the Kansas City Southern Railway tonight stated that reports from Hume, Mo., record the worst storm in years. Hail did much damage and was accompanied by high winds, approaching a tornado. Most of the damage was done in a radius of twenty miles of Hume.

CANADA'S EXPORTS AND IMPORTS ABOUT BALANCE

South St. Paul, Minn., Aug. 28.—A loss estimated at \$75,000 was caused by fire which swept three buildings in the heart of the business section this afternoon. The cause of the blaze is unknown. It started in a drug store and an explosion of chemicals threw flames to adjoining buildings.

BRITISH SHIPS MANAGE TO SAIL DESPITE STRIKE

All But One of Liners
Left as Scheduled
Saturday

BAGGAGE LOADED BY OFFICE FORCE

NEW YORK, Aug. 28.—British steamship lines apparently won a victory today over the 2,000 or more longshoremen who yesterday sought to tie up all vessels flying the British flag by going out on a sudden strike which they declared would continue until Archbishop Mannix is allowed on Irish soil and Terence MacSweeney, lord mayor of Cork, is released from prison. All but one of the big British liners scheduled to sail today departed. The Cunard liner Pannonia, will leave tomorrow, officials said.

Most of the firemen on the Pannonia walked out in sympathy with the strikers and the Cunard line could not readily replace them. The crews of other vessels remained virtually intact.

Hundreds Return to Work.
Hundreds of longshoremen who quit work yesterday returned today with the encouragement of union officials who announced they regretted the walkout coming just before new wage demands are to be presented.

Work went ahead well on the Cunard line and American and French ship piers, but at the White Star line docks, where the strike had its inception no longshoremen reported and there was little activity in the holds of the vessels scheduled to depart next week.

Ships Late in Getting Away.
Most of the ships were late in getting away today, the loading of baggage in some cases being done by the office force of the steamship line with anxious passengers occasionally lending a hand.

The Aquitania with Prince Carol of Rumania aboard left at 4:45 o'clock and twenty minutes later the White Star liner Olympic followed. These two liners are expected to be near one another all the way to Southampton, and a possible Trans-Atlantic speed record is looked for.

There was no disorder along the waterfront today altho longshoremen continually thronged corners while women pickets and Irish orators held forth.

ROOSEVELT TALKS ON REPUBLICAN SLUSH FUND

Omaha, Neb., Aug. 28.—Franklin D. Roosevelt devoted considerable time in an address here tonight in discussing what he declared was the Republican slush fund, declaring that Senator Harding should discharge Will H. Hays and Fred W. Upham, national chairman and treasurer, respectively, of the Republican party. He also defended his record as assistant secretary of the navy.

WILL ISSUE LICENSE TO MEXICANS ONLY

SAN ANTONIO, Texas, Aug. 28.—The provisional government has issued orders closing all saloons with the exception of four in each town along the Rio Grande, according to information today. The order also provides that hereafter license to operate saloons in any part of Mexico will be issued only to Mexican citizens. No Americans or other foreigners will be allowed to operate.

BELFAST MILITARY FIRED ON RIOTERS

BELFAST, Aug. 28.—(By The Associated Press).—The military fired on rioters again tonight, killing at least one and wounding six, one seriously. The troops sought to protect the police station which was attacked by a mob. Disturbances were reported in several sections of the city. When the soldiers arrived they were met with a volley of stones. The police and military dispersed the mob.

The rioter killed tonight was John Lynch, aged 16.

GOVERNOR COX SPENDS BUSY DAY IN NEW YORK CITY

Makes Several Addresses
to Empire State
Democracy

LEAGUE ISSUE PARAMOUNT ONE

NEW YORK, Aug. 28.—Governor Cox spent today hustling thru a full program.

Speeches, parades, receptions, luncheon at a hotel, a view of police field day games at Gravesend race track where a huge crowd was addressed and a dinner with party leaders tonight gave him the busiest day of his campaign. Thousands saw and heard him as there was a constant battery of motion picture and other photographers.

The governor's principal address was at the democratic luncheon, attended by hundreds of party notables. At Gravesend this afternoon he was compelled to cut short his speech to fifteen minutes. Another brief address was delivered to a crowd at the public library where he stopped en route to Gravesend.

Reiterated Charges.

In his luncheon address, Governor Cox reiterated his charges that contributions were being collected by Republican leaders toward a \$15,000,000 corruption fund, and promised further revelations, but did not give any additional information today. World peace, by America's entrance into the league of nations, industrial problems and pleas for Americanization of foreign born citizens also featured his address. In all he predicted democratic victory next fall.

"The enemy has sought to deny my charges," he said, "but none of them makes the same kind of denial. 'We have not yet started in the revelations which will be made to the public.'"

Governor Smith and William G. McAdoo, who introduced Governor Cox, at the luncheon, also assailed a Republican financing. The latter referred to Chairman Hays and Treasurer Upham of the Republican national committee as the "Gold Dust Twins."

"I want to express my unqualified admiration of Governor Cox for bringing this so forcibly to the attention of the public," said McAdoo.

Cox Hope of Democracy.
Governor Smith referred to the candidate "as the hope of democracy thruout the world," and declared that New York liked "a good clean fight, out from the shoulder."

Arriving at Gravesend an hour late the governor was forced to compete with the police games. Athletes roared over his head and a sound amplifying device gave his voice a cautious note and also apparently failed to carry it to the vast crowd. After a brief talk the governor gave up.

The league issue was emphasized by the governor as paramount in the campaign to be waged here between champions of progress and reaction.

ARCHBISHOP MANNIX WAS ADMONISHED

Was Addressed Early in August
While Archbishop Was at London—Received Same Word as That Sent to Cardinal Mercier During the War.

Rome, Aug. 28.—The admonition addressed to Archbishop Mannix, while at London early in August was sent by the Consistorial congregation, under whose jurisdiction are the European and the American and Australian episcopacies. It is a body of so great importance that it has the pope as prefect or chairman.

Cardinal Delai, its active secretary, having received numerous reports concerning the political activity of Archbishop Mannix both in Melbourne and the United States is giving careful consideration to his case, comparing it with similar cases during the war. Cardinal Delai became convinced Archbishop Mannix had exceeded proper expression of his opinion and addressed to him the same exhortation to be moderate as was sent to Cardinal Mercier and some of the French bishops. Great Britain, it is stated, brought strong pressure to bear for a public exhortation, which the vatican finally conceded.

PRISONERS SAID TO BE ORGANIZING ANTI RED ARMY

Reds Will be Offered
Reward for Their
Surrender

POLISH DELEGATES VIRTUALLY PRISONERS

WARSAW, Aug. 28.—(By The Associated Press).—An anti-bolshevik army is being organized chiefly among prisoners captured in the counter-offensive which ousted the Reds from Poland. The organization is under the direction of General Glasenapp, and the recruits are being taken from prison camps, only volunteers being accepted.

A new scheme to induce the Reds to surrender has been introduced. Propaganda is scattered among the Reds by balloons and other means.

It consists of a pamphlet asking the Reds to surrender, offering a reward. Assurances are given that the men surrendering will be fed and well looked

The only charge thus far made against Gov. Coolidge, Republican vice presidential candidate, is that he selects and buys all of his wife's clothes. But that's a somewhat serious charge.

HIGH COST OF LIVING WORLD-WIDE

Even the jungles of Asia and Africa have been invaded by the high cost of living monster, the Manufacturers News says. In the African Congo a tiger's tooth buys only half as many palm leaf fans as before the war. In Burma the guides charge six monkey tails for a day's hunting instead of two, as formerly, and advance of 300 per cent. In Liberia native shirts which used to

be sold for 46 cents now are quoted at \$2.40.

THEY KNOW IN INDIANA

A Jacksonville man who recently traveled thru Indiana noted that at almost every farmhouse a picture of Senator Harding appeared in the window. It was a rare thing to find a farmhouse displaying the picture of Candidate Cox. Evidently Indiana farmers are strong in the belief that their business interests will be subserved by restoring the Republican party to power.

AN EVIDENCE OF CONFIDENCE

A Chicago man who died recently left an estate of more than a million dollars and directed that the greater part of it be used for charitable and philanthropic purposes. He didn't make a will but expressed the belief that his surviving relatives would carry out his wishes with relation to the distribution of the big sum left at their disposal.

It is not often that the heirs of a millionaire are given such a compliment—such an expression of confidence.

CELEBRATED FOR SUFFRAGE

The coming of equal suffrage was celebrated in Jacksonville at noon Saturday by the ringing of bells and the blowing of whistles, which was part of a state wide demonstration at the same hour.

It was not a long program. There was no need of that, because the coming of suffrage was not a surprise. It was a matter of growth and development and people were prepared for and expecting its coming.

If certain interests in this country had directed the celebration they would have tolled the bells instead of ringing them, for equal suffrage sounds the death knell for certain interests.

MEETING PROBLEMS FACE TO FACE

Senator Harding must have made a good impression upon the assembly of Erie railroad men that he addressed the other day. The candidate made a journey to Galion for the purpose of talking to the railroaders and told them that history will prove the Esch-Cummins railroad bill one of the most beneficial measures ever passed both for them and the public. He urged the men to consider the matter without partisanship, thinking of the common good rather than of their own individual interests. He said specifically that he was not making an argument to support him but discussing the big question in accordance with what he considers the facts.

It was quite in accord with Senator Harding's characteristics to go willingly before a body of men and tell them frankly that a measure most of them have openly opposed will later be found for their good and to urge an unbiased consideration of it.

THE WAY THE FUNDS ARE COLLECTED

In connection with all this talk about Republican campaign funds it is interesting to recall a meeting held in Jacksonville two months ago. A representative of the national committee came here and met a group of forty men at the Peacock Inn. There in open session the committee's financial plan was explained and mention made of a quota for each county. It was stated that no contributions for more than \$1,000 could be accepted by the committee, and the highest pledge made that night was \$100.

As various writers have pointed out since Gov. Cox made his "sensational revelations" about the slush fund, the very fact that quotas have been made for counties and states is proof of a desire on the part of the national committee to free the party from the charge of collecting funds from special interests. In other days it used to be said that the campaign funds were collected from the clubs, later to be repaid by protective laws. Chairman Hays and his associates planned a popular subscription so that the fund raised could be without possible taint. Candidate Cox has produced the proof contradicting his own charges.

Rippling Rhymes By Wait Mason

RED YEARS.

It is strange and savage time; there is a carnival of crime, that never stops or rests; the slayer

to his victim wends, and voters kill their lady friends and ship them off in chests. Assassinations fill the land; we find dead agents on every hand, they clutter up the mews, and peelers and detectives toil, and vainly burn the midnight oil to thrash out stacks of clews. Here where Pacific billows roar three murdered guys were washed ashore within two weeks or one; and inland other chaps were slain, and no one offered to explain just why the deeds were done. These beastly crimes we all abhor are but the outcome of the war, the years of deadly strife, where men who fought for flag or king soon felt that nature's cheapest thing is stuff called human life. For years we talked of doom and death and every time we drew a breath it seemed of gore; we read of dead men piling in ricks; and all the boats upon the Styx were freighted corpses o'er. The peoples all have learned to slay, and now, if some one dies; oh, may we see the times again when gents won't swat their fellowmen, as they would swat flies!

The only charge thus far made against Gov. Coolidge, Republican vice presidential candidate, is that he selects and buys all of his wife's clothes. But that's a somewhat serious charge.

HIGH COST OF LIVING WORLD-WIDE

Even the jungles of Asia and Africa have been invaded by the high cost of living monster, the Manufacturers News says. In the African Congo a tiger's tooth buys only half as many palm leaf fans as before the war. In Burma the guides charge six monkey tails for a day's hunting instead of two, as formerly, and advance of 300 per cent. In Liberia native shirts which used to

be sold for 46 cents now are quoted at \$2.40.

THEY KNOW IN INDIANA

A Jacksonville man who recently traveled thru Indiana noted that at almost every farmhouse a picture of Senator Harding appeared in the window. It was a rare thing to find a farmhouse displaying the picture of Candidate Cox. Evidently Indiana farmers are strong in the belief that their business interests will be subserved by restoring the Republican party to power.

AN EVIDENCE OF CONFIDENCE

A Chicago man who died recently left an estate of more than a million dollars and directed that the greater part of it be used for charitable and philanthropic purposes. He didn't make a will but expressed the belief that his surviving relatives would carry out his wishes with relation to the distribution of the big sum left at their disposal.

It is not often that the heirs of a millionaire are given such a compliment—such an expression of confidence.

CELEBRATED FOR SUFFRAGE

The coming of equal suffrage was celebrated in Jacksonville at noon Saturday by the ringing of bells and the blowing of whistles, which was part of a state wide demonstration at the same hour.

It was not a long program. There was no need of that, because the coming of suffrage was not a surprise. It was a matter of growth and development and people were prepared for and expecting its coming.

If certain interests in this country had directed the celebration they would have tolled the bells instead of ringing them, for equal suffrage sounds the death knell for certain interests.

MEETING PROBLEMS FACE TO FACE

Senator Harding must have made a good impression upon the assembly of Erie railroad men that he addressed the other day. The candidate made a journey to Galion for the purpose of talking to the railroaders and told them that history will prove the Esch-Cummings railroad bill is one of the most beneficial measures ever passed both for them and the public. He urged the men to consider the matter without partisanship, thinking of the common good rather than of their own individual interests. He said specifically that he was not making an argument to support him but discussing the big question in accordance with what he considers the facts.

It was quite in accord with Senator Harding's characteristics to go willingly before a body of men and tell them frankly that a measure most of them have openly opposed will later be found for their good and to urge an unbiased consideration of it.

THE WAY THE FUNDS ARE COLLECTED

In connection with all this talk about Republican campaign funds it is interesting to recall a meeting held in Jacksonville two months ago. A representative of the national committee came here and met a group of forty men at the Peacock Inn. There in open session the committee's financial plan was explained and mention made of a quota for each county. It was stated that no contributions for more than \$1,000 could be accepted by the committee, and the highest pledge made that night was \$100. As various writers have pointed out since Gov. Cox made his "sensational revelations" about the slush fund, the very fact that quotas have been made for counties and states is proof of a desire on the part of the national committee to free the party from the charge of collecting funds from special interests. In other days it used to be said that the campaign funds were collected from the clubs, later to be repaid by protective laws. Chairman Hays and his associates planned a popular subscription so that the fund raised could be without possible taint. Candidate Cox has produced the proof contradicting his own charges.

Rippling Rhymes By Wait Mason

RED YEARS.
It is strange and savage time; there is a carnival of crime, that never stops or rests; the slayer

to his victim wends, and voters kill their lady friends and ship them off in chests. Assassinations fill the land; we find dead goats on every hand, they clutter up the mows, and peelers and detectives toil, and vainly burn the midnight oil to thrash out stacks of clues. Here where Pacific billows roar three murdered guys were washed ashore within two weeks or one; and inland other chaps were slain, and no one offered to explain just why the deeds were done. These beastly crimes we all abhor are but the outcome of the war, the years of deadly strife, where men who fought for flag or king soon felt that nature's cheapest thing is stuff called human life. For years we talked of doom and death and every time we drew a breath it seemed of gore; we read of dead men piled in rice, and all the boats upon the Styx were freighted with corpses of the peoples all have learned to slay, and now, if some one dies; oh, may we see the times again when gents won't swat their fellowmen, as they would swat flies!

BIG CROP OF HAY FEVER JOKES

But Kentucky Man Says People Who Belong to Hay Fever Colony Are Kidding Themselves.

Wouldn't Be Any Hay Fever If Simple Home Remedy Was Given a Chance.

"Yes, there's a real NINETEEN-ONE per cent effective remedy for hay or fever," frankly states a druggist in a prosperous Kentucky city.
"But I don't expect anyone to believe me, because the treatment is so easy and the cost not worth mentioning."
"The annual crop of Hay Fever jokes would be mighty scarce if people would get three-quarters of an ounce of Mentholized Arcine, and by just adding water that has been boiled, make a pint of liquid that will prove a real help to all who suffer."
"Many of my Hay Fever friends tell me that by starting to gargle and snuff or spray the nostrils a few times a day the expected severe attack often fails to appear, and in cases where it does show up, is very mild and does not annoy."
"It's the same way with Rose Fever."
"The Better Class of Pharmacists who dispense Mentholized Arcine say that it will greatly modify any attack, even when taken three or four days after hostilities begin."
Go to a real live druggist when you get ready to make a pint, for up to the present time there has been little demand for this friendly medicine.
Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

DRAMA LEAGUE INSTITUTE CLOSING THIS WEEK

Chicago.—A ten-day institute held here by the Drama League of America closes this week. The school, thought by heads of the Drama League, to be the first of its kind in the country, is being held for the purpose of promoting better local plays, pageants and theatricals.

The institute is attended by dramatic teachers, school teachers and church and community workers from eighteen states. They are being shown fine points of stage setting, costuming and lighting effects that can be obtained by a school, church or community center with little expense.

One of the features of the institute is the "unit stage" which is presented by Carroll French of South Bend, Ind. Its scenery is made from hollow gray blocks which take readily any color of light thrown upon them. With this system the scenery may be transformed quickly from mansion to hotel.

Why Man, We Organized This Store for You!

We have found that success in selling men the things they wear depends solely on knowing what men want—and then giving it to them.

LOVELY FALL SUITS

We believe that, above all, men want their money's worth; that no man wants shoddy, ill-appearing stuff at any price; that a man likes to trade at a store that stands as solidly back of the lowest priced collar buttons they sell as the finest suits it makes. discriminating men's clothes as a basis, we de-termined to organize this store along lines that men just couldn't help approving of. Why, man, we organized this store for you.

DRAMA LEAGUE INSTITUTE CLOSING THIS WEEK

Chicago.—A ten-day institute held here by the Drama League of America closes this week. The school, thought by some of the Drama League, to be the first of its kind in the country, is being held for the purpose of promoting better local plays, pageants and theatricals.

The institute is attended by dramatic teachers, school teachers and church and community workers from eighteen states. They are being shown fine points of stage setting, costuming and lighting effects that can be obtained by a school, church or community center with little expense.

One of the features of the institute is the "unit stage" which is presented by Carroll French of South Bend, Ind. Its scenery is made from hollow gray blocks which take readily any color of light thrown upon them. With this system the scenery may be transformed quickly from mansion to hotel.

JURGES EXTENSION OF JUVENILE COURT
Judge Ben B. Lindsey Addresses American Bar Association in St. Louis—Problem of Parent and Child Pressing for Solution.
ST. LOUIS, Mo.,—Judge Ben B. Lindsey of the Denver Juvenile Court addressed the American Bar Association here today in obtaining "justice for parent and child without cost." He urged the extension of the juvenile court procedure such as has been authorized in Colorado.
"I plead," Judge Lindsey said, "for a specialized institution in every large city, operating principally under the powers of civil and chancery courts in cooperation with various agencies, to handle, not only the problems of parent and child, but a class of adults—mostly poor people—who might be treated very much as we treat children."
"In our work for a surer, simpler and less expensive justice for parent and child, we have

INVESTIGATE OUR SERVICE—
At the visitation of death there arises in the aching hearts of those bereaved the desire to bestow every possible token of respect and affection upon the beloved. This, too often has been taken advantage of at that time to exact tremendous profits out of the pockets of those not able to afford it. Therefore it is not right that the public should be kept in ignorance, nor the public to fail to acquaint itself with any line of endeavor which will eventually be called upon to serve them. found many justifications for such a tribunal.
"It does not call for any new principles of law, but rather a broader and simpler application of those already long established so as to better meet new demands and human needs growing out of a changing world.
"While such a specialized institution must be based primarily in the chancery procedure, it may also be aided by the addition of a limited criminal procedure.
"This is precisely what we have done in a measure in my own experience. For while the court over which I have presided in my own city of Denver, for twenty years, is known as a place of dealing with lawless children, the problems of dependency, domestic or family relations in controversies, but adults, concerning their relations to children, have for twenty years occupied the largest part of its work.
"In practice in these cases there are absolutely no costs, no matter what the controversy may be. This applies to every case, except under an old statute, a small fee is still paid in adoption cases.
"The methods are the usual ones of these courts, by an informal conference about the table in a sort of clinic of human adjustment.
"One of the great difficulties of the Criminal Law is that we deal merely with the things that people do—not the people. We expect the same rule of penalty to fit every case. Instead of producing so-called equal and exact justice, it often produces just the contrary results. There are many cases of acts or conduct of individuals that might be defined as crime that can be handled much better in a chancery procedure to do justice than in a criminal procedure to impose punishment.
"We have in Colorado as to certain crimes extended a chancery procedure to adults. It is the first state, so far as I know, to make such an innovation.
"One secret of the success of these informal courts, to my mind

PULPWOOD QUESTION IS GIVEN ATTENTION
Canadian Declares Timber Regulations in Canada Not Responsible for Print Paper Shortage in U. S.—Reforestation Policy a Crying Need.
New London, N. H., Aug. 25.—Edward Beck, of Montreal, secretary of the Canadian Pulp and Paper association, told a forestry conference here today that the question of removing restrictions upon the exportation of pulpwood from the crown lands of Canada to the United States was one for judicial determination rather than for political agitation.
The conference was held under the auspices of the Society for the Protection of New Hampshire Forests and was attended by forestry experts and paper makers from the United States and Canada. Mr. Beck was invited to present Canada's side of the pulpwood controversy brought to notice by the passage of congress of the Underwood resolution calling for an American commission to visit Canada with the view to obtaining the removal of restrictions on pulpwood exports.
Mr. Beck declared that Canada had no reason to avoid inquiry into the equity of its timber laws by any impartial tribunal. He said it was not true that the present shortage of printing paper in the United States was chargeable to the Canadian timber regulations but that it was due to world-wide conditions aggravated by the "inordinate use of paper by both American and Canadian publishers." He declared that free access to Canada's pulpwood would not give American publishers cheaper or more abundant paper, as had been claimed.
Mr. Beck asserted that the Canadian pulpwood restrictions did not apply to privately-owned land from which more than 1,000,000 cords of pulpwood were annually exported to the United States. In addition, he said, Canada exports nearly 600,000 tons of pulp and about 650,000 tons of paper to the United States every year, comprising approximately one-ninth of the American pulp consumption and one-third of all the newsprint paper consumed in or exported from the United States.
Restrictions on the exports of pulpwood from the crown lands, he declared, were brought about solely by the desire to conserve the pulpwood resources and utilize their products for the upbuilding of the pulp and paper industries within the Canadian provinces and with no intent to injure American industries.
"The real question at issue," he said, "is not whether this material shall be available for the use of American publishers, but whether the material cut from these lands shall go in the form of raw pulpwood to the United States or shall be put through at least one stage of manufacture in Canada." So far as Canada's pulpwood is being cut a high percentage of it already was going to the United States in one form or another. "Without a very heavy increase in the rate of cutting, involving the early destruction of the supply no relief to American publishers from this means would be impossible," said Mr. Beck.
Quebec's pulpwood is now being consumed at the rate of over 1,000,000 cords a year and the best informed expert opinion estimated the resources of that province would last not more than 50 years at the present rate of consumption, said the speaker who declared that Quebec's forests already are threatened with early exhaustion.
Canada's great need today, said Mr. Beck, like that of the New England states, is for the inauguration of a reforestation policy that will insure a permanent supply of timber for her wood-consuming industries. Without it, he predicted the same fate for the Canadian pulp and paper industry that is now threatening the American. To open the crown lands at this time to unrestricted exploitation, he said, would only hasten such a condition and in the end benefit nobody.

AUTO BANDITS ROB CONCORD RESTAURANT

Stickup Proprietor, Helper and Customer and Get About \$100—Escaped in Ford Car.

Concord, Aug. 28.—Three bandits committed a bold robbery here about 7:30 o'clock tonight, when they robbed the restaurant of August Blohm, securing about \$100.

The men drove up to the restaurant in a Ford car. In the restaurant at the time was Mr. Blohm, the proprietor, a clerk and one customer. Blohm was relieved of about \$70, while the customer contributed about \$25.

After the robbery the men rushed to their car and made their escape. An alarm was quickly given and men in automobiles made a search of the north part of the county but were unable to gain any trace of the robbers.

Sheriff Not Notified.
Edward Heintz drove thru Concord shortly after the robbery and was halted by one automobile. After he found out about the robbery the next car which attempted to halt him he passed it up. He was the first to report the robbery to the Journal.

For some reason Sheriff Weatherford was not notified of the robbery, his first information being received from this office. The sheriff called up Concord but decided there was no use in starting a search so long after the robbery had been committed.

Investigate Our Service

INVESTIGATE OUR SERVICE—

At the visitation of death there arises in the aching hearts of those bereaved the desire to bestow every possible token of respect and affection upon the beloved. This, too often has been taken advantage of at that time to exact tremendous profits out of the pockets of those not able to afford it. Therefore it is not right that the public should be kept in ignorance, nor the public to fail to acquaint itself with any line of endeavor which will eventually be called upon to serve them. Investigate the ability and charges of an undertaker as you would an insurance company.

We have a modern funeral parlor and its use is free to the public.

CHAUTAUQUA WILL REACH CLOSE TODAY

FINAL DAY'S PROGRAM IS CROWDED WITH EVENTS

Frank Mulholland, Toledo, Lawyer Made Strong Address at Saturday Night Session—Laid Emphasis on Service as Humanity's Call.

The ninth assembly of the Jacksonville chautauqua will close tonight with a concert program by the Chicago Operatic Co. and a motion picture. This morning at 10 o'clock Sunday school will be held under the leadership of C. L. Mathis, superintendent, and then Rev. W. R. Johnson will preach a sermon.

At 2:15 the Chicago Operatic Co. will give a concert, to be followed by a lecture by Herbert L. Willett, a well known platform speaker.

Saturday's Program. The Saturday attendance exceeded the previous good record, as all conditions were ideal. The boys and girls' work began at 9 o'clock under the leadership of Rev. W. E. Collins. At 10 o'clock Dr. Cobb delivered his lecture on "The Scotch-Irish in America," and afterward Mrs.

Houston gave the last of her domestic science demonstrations. The Crawford Adams Co. appeared in concert programs afternoon and evening and Alice Louise Shrode, entertainer, also appeared twice. Dr. Cobb closed the afternoon program with a lecture on "Humor—Is It Divine or Diabolical?" At night Frank L. Mulholland of Toledo, Ohio, a past president of the International Rotary club, made the address.

Alice Shrode as a whistler, reader and entertainer, gives a very pleasing program. She included by request yesterday "The New Baby" and "The Monkey Man." Last year this young lady was a favorite with the audiences and her good reputation as an entertainer was sustained yesterday.

Before the Crawford-Adams Co. began the program Elmer Adams, a former resident, expressed his pleasure at again appearing before a Jacksonville audience. Mr. Adams as a violinist shows growth and he is a musician of great talent. Miss Nan Synott is the piano soloist and accompanist and Miss Roseth Breed the reader. The varied program given was one which greatly pleased the large audience. There were numerous request numbers and Mr. Adams made plain his wish to play the selections that the people were most anxious to hear.

Service Really Counts. Mr. Mulholland might be termed a natural orator. He had something to say last night and said it with force and eloquence. "Be good but be good for something" was the text he chose and then he gave a forceful plea for service—a willingness to do something for other people. "The world does not care what you and I have, but wants to know how we use it," he said. Then he emphasized the value of a smile and of good fellowship, and told how men even in prison will respond to graciousness of manner.

Mr. Mulholland believes that boosting is a part of every real service plan. He said "Get the habit of boosting. I don't care what you boost. Then beware you don't spell the word as too often happens 'boasting.' When boosting is a general habit then you will find it hard to locate a knocker in your town, and if you do, don't associate with him."

Life a Bank Account. "Service is the coin in which we must pay the debt we owe to humanity. After all, life is very much like a bank account. You can draw out only what you put in."

Then Mr. Mulholland sketched briefly the work of Rotarians in Toledo, who interested themselves in crippled children. There are ninety-six of them now able to walk and run about the streets of Toledo, children who before the helpful interest shown by these men were confined to their homes—most of them dingy homes at that.

The Rotary club of Toledo has found that the organization has grown and flourished because the men have caught the spirit of giving rather than getting. Mr. Mulholland is a firm believer in casting bread upon the water and has found from experience and observation that it will surely return.

SEASON'S BEST COMEDY COMING TO THE GRAND

Look, would you have a man in your home for three weeks without knowing his last name, and everybody thinking it was something different? They're all sure of his first name. It's Clarence. But the mixup over his last name will be the cause of a lot of gaily when Booth Tarkington's latest and greatest comedy comes to the Grand Theater on Friday, Sept. 3.

The mysterious, crafty Clarence, a discharged soldier, saxophone player, pianist, plumber and bug expert, keeps the whole Wheeler household (where he is sojourning) and some of the neighbors guessing, and in turn he is accused of being Smun, or Moore, or Short. The manner in which the enigma is solved, and the real personality of Clarence revealed, brims with merriment and is comedy of the finest sort. Tarkington's new play of "Clarence" will be presented here by the same company identically which has just finished a long and prosperous engagement at the Blackstone Theater, Chicago. Mr. George C. Taylor is the producer and manager of "Clarence," which is pretty good assurance of the merit of the attraction. In the cast are Gregory Kelly, Ruth Gordon, Grace Filkins, Clara Blandick, Robert Adams, Byron Beasley, Betty Murray, Joe Wallace, James T. Ford and Guy D'Emery.

SEASON'S BEST COMEDY COMING TO THE GRAND

Look, would you have a man in your home for three weeks without knowing his last name, and everybody thinking it was something different? They're all sure of his first name. It's Clarence. But the mixup over his last name will be the cause of a lot of gaiety when Booth Tarkington's latest and greatest comedy comes to the Grand Theater on Friday, Sept. 3.

The mysterious, crafty Clarence, a discharged soldier, saxophone player, pianist, plumber and bug expert, keeps the whole Wheeler household (where he is sojourning) and some of the neighbors guessing, and in turn he is accused of being Smun, or Moore, or Short. The manner in which the enigma is solved, and the real personality of Clarence revealed, brims with merriment, and is comedy of the finest sort. Tarkington's new play of "Clarence" will be presented here by the same company identically which has just finished a long and proper engagement at the Blackstone Theater, Chicago. Mr. George C. Taylor is the producer and manager of "Clarence," which is pretty good assurance of the merit of the attraction. In the cast are Gregory Kelly, Ruth Gordon, Grace Filkins, Clara Blandick, Robert Adams, Byron Beasley, Betty Murray, Joe Wallace, James T. Ford and Guy D'Emery.

WILL HOLD PRIMARY ELECTION NEXT THURSDAY

San Francisco, Cal.—California will hold its state primary election next Thursday. The feature of chief interest is the race in the Republican primaries for the senatorial nomination. The contestants are William Kent, former representative in congress from the First California district, Samuel M. Shortridge, a San Francisco attorney, and Albert J. Wallace, lieutenant governor in the first administration of Hiram W. Johnson as governor of California.

The successful candidate will meet Senator James D. Phelan at the polls on Nov. 2. Senator Phelan having no contest for re-nomination in the Democratic primaries Tuesday.

Nominations are also to be made for eleven congressmen, a number of judicial offices, and the state legislature.

RALPH DE PALMA WINS ELGIN ROAD RACES

BREAKING LAP AND TRACK RECORDS---MILTON SECOND

ELGIN, Ill., Aug. 28.—Ralph DePalma, leading from start to finish, won the Elgin road race here today. He covered the course of 261 miles, 2,820 feet in 3:09:54, breaking lap and race records in the process and averaging 79 1/2 miles an hour. Milton was second in 3:11:01. He also broke the lap record tying DePalma at 6:11 for one round of the course.

Murphy finished third in 3:12:47. Mulford finished fourth in 3:12:59. Eddie O'Donnell won fifth prize, finishing in 3:16:35. DePalma won \$6,000 for finishing first, a trophy cup and \$3,000 additional because he led on each of 20 laps, at \$100 each.

The last man to finish in the money was Percy Ford. Finishing outside the prize list were Tom Alley and Gaston Chevrolet. DePalma set the pace all the way, although he was closely pressed at times by Mulford, Murphy and Milton. Only a few seconds separated the leaders at any time leaving the outcome in doubt until DePalma had crossed the tape for the last time.

During the entire race only two cars stopped at the pits, Gaston Chevrolet in the second lap to remove an obstruction from his gasoline pipe and who thus lost four laps which he never recovered and Joe Thomas who stopped to allow Tom Alley to replace him at the wheel. Thomas who was injured last week found himself too weak to finish the contest, although he proved his car for six laps.

DePalma covered the first 500 miles at an average speed of 81 1/4 miles an hour. The 19th lap covered in six minutes and eleven seconds, breaking the course record made by Spencer Wishart, five years ago, in the race in which he was killed. DePalma's average for the entire distance also established a new record, the best previous mark of 77.5 miles an hour having been made by Gil Anderson in 1915.

AMERICAN OARSMEN WILL ENTER FINALS
BRUSSELS, Aug. 28.—(By The Associated Press.)—American oarsmen will enter the Olympic finals tomorrow in four out of five events. The Americans did not compete in the event for paired eared boats with coxswain, also a heavy pair was entered formally some time ago. Hatfield, the New Zealand sculler today lost to Jack Kelly, Philadelphia, single sculls champion of the United States, by two lengths.

America and Great Britain will meet in the final of the eight eared boats with coxswain. Both crews won easily today, England by three lengths over Norway and the Americans by four over France.

Interest is keen in the fight to be staged between Kelly and J. Berensford, Jr., for the singles sculling honors.

PAT MORAN HAD A SHADE OVER WHITE

EAST CHICAGO, Ind., Aug. 28.—Pat Moran of New Orleans had the shade better of Charley White of Chicago in a ten round bout here today. Moran carried the fight to White. White lost his forfeit when he went into the ring weighing 135 1/2, three fourths of a pound above the figure agreed on. White in a few rounds gave a good exhibition of fighting but Moran's superior footwork carried him out of danger. Referee Smith stopped the preliminary bout between Bud Perry of South Chicago and Ray Rivers of Los Angeles in the ninth to save Rivers.

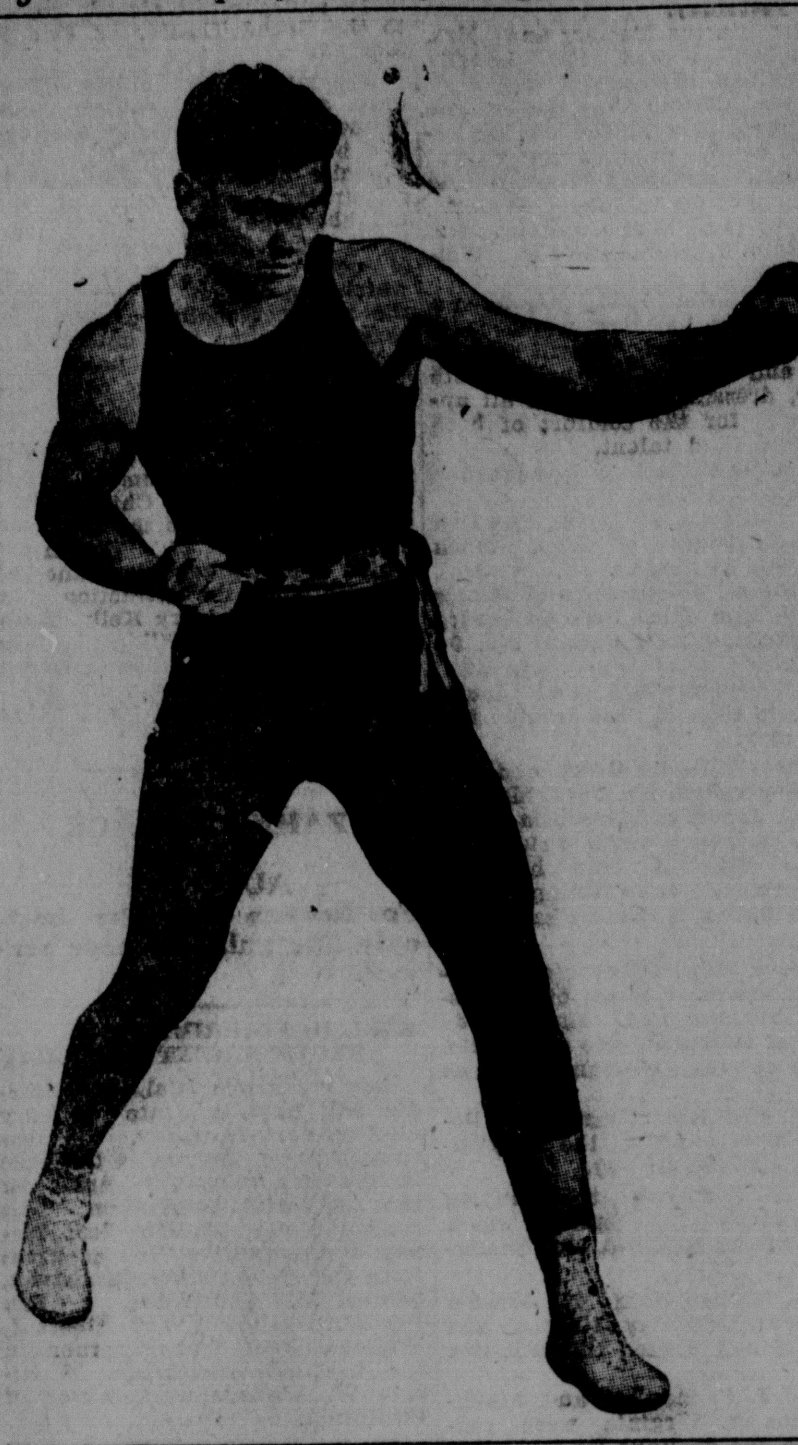

RICHARDS AND BURDICK ARE TENNIS CHAMPIONS

SOUTHAMPTON, N. Y., Aug. 28.—Vincent Richards, Yonkers, N. Y., and Ralph H. Burdick, Chicago, defeated the holders of the Meadows Club Bowls in the final tennis games today, conquering the Davis cup pair, William T. Tilden, II, and Charles S. Garland, by a score of 6-2, 3-6, 4-6, 6-2, 7-5. Richards was the formidable player on his side of the net. Burdick was also good altho his never rose to the heights of his partner. Tilden was poor and Garland fell to mediocrity.

MRS. F. C. LETTS, JR. WINS FOR THIRD TIME

CHICAGO, Aug. 28.—Mrs. F. C. Letts, Jr., for the third time in six years won the Women's Western Golf Championship today when she defeated Miss Edith Cummins, 2-up at the Oak Park Country Club. Miss Cummins started out strong and early in the match was 1 up but she faltered on the approaches and greens and lost the advantage at the turn. Mrs. Letts also played erratically at times. This is the second successive year she has won the title. Both players made remarkable shots at times, but were unsteady. Mrs. Letts being especially erratic in her putting. The champion equalled men's par on the eighth and ninth holes, and on the 14, yard thirteen scoring a birdie two against a men's par of three.

ILLINOIS ATHLETIC OFFICIALS MEETING

Held in Bloomington and Six New Districts Formed—Officers Were Elected for the Season of 1920 and 1921.

Bloomington, Ill., Aug. 28.—Six districts were named in the Illinois Athletic Officials' annual meeting held Friday night. They include, centers of Peoria, Decatur, Rock Island, Mt. Vernon, Dixon and Bloomington which remains the central office of the organization.

About 25 prominent football and basketball arbiters attended. Discussions of the 1920 football and basketball rules were held.

Officers were elected for the seasons of 1920 and 1921 as follows:

President—Fred H. Young, Bloomington.
First Vice President—H. J. Reynolds, Chicago.
Second Vice President—W. B. Martin, Peoria.
Secretary—Lloyd E. Eyer, Bloomington.
Treasurer—C. F. Miller, Normal.

Directors: Walter Eckersall, Chicago; Perry Graves, Champaign; Howard V. Millard, Decatur; Y. N. McCord, Bloomington; Neil McNeill, Peoria; Fred L. Muhl, Bloomington.

Each district will have officers to be chosen in the near future by the state officers. A secretary will arrange the official schedules in the respective districts.

The only change from last year's by-laws was need of six references upon new members' applications, in place of three. Memberships will be forwarded from district centers to state headquarters.

H. G. Reynolds of Chicago who is starting his twentieth year as a basketball and football official gave a brief talk on officiating and impressed upon his experienced mates the need of aiding young athletes.

BEARDSTOWN WILL HAVE BOXING BOUTS

High Class Bill to be Given Labor Day Night—Two Bouts and Battle Royal.

A classy program has been arranged by the Beardstown Athletic club for the night of Labor day.

The main bout of the evening will be between George (Knock-out) Brown, the famous middleweight of Chicago and Jack Billings of Brooklyn, N. Y.

Brown has fought all of the top notchers from Stanley Ketchel down and journeyed to Australia where he took on the best of them. Billings also is a classy fighter.

Kid Rayburn of Beardstown and Jack McFarland of Rock Island will box in the semi-wind-up. They will go eight rounds. The main bout will be ten rounds to a newspaper decision.

Five colored boys from this city will put on a battle royal as a curtain raiser.

Rice of Washington failed to add to his total of stolen bases, but continued out in front with 45 thefts.

Other leading batters: E. Collins, Chicago, 356; Meusel, New York, 353; Rice, Washington, 348; Jacobson, St. Louis, 345; Weaver, Chicago, 343; Hendryx, Boston, 340; Judge, Washington, 335; Earl Smith, St. Louis, 330; Milan, Washington, 327; Felsch, Chicago, 325; Jamieson, Cleveland, 324; Cobb, Detroit, 323.

Nicholson of Pittsburgh is giving Roger Hornsby of St. Louis a hard run for batting honors for the National League. The Pittsburgh outfielder has batted himself to within four points of the St. Louis star, who is topping the list with an average of .367. Nicholson's mark is .363. A week ago Nicholson passed Roush of Cincinnati for third place and in the past week he added 22 points to his average and stepped ahead of Eays of Boston, who is now in third place with .349, while Roush continues to fourth place with .335.

Hornsby however continued to lead in total bases with 252, and has worked into a tie with Bancroft of New York in the number of runs scored. Each has registered 76 times.

Cy Williams of Philadelphia for the second week failed to add to his home run total, but is well in the lead with 13 circuit drives. Max Carey of Pittsburgh tacked on three stolen bases, the past week is showing the way with 45 thefts.

Other leading batters: Stock, St. Louis, 330; Young, New York, 325; King, New York, 323; Konetchy, Brooklyn, 320; J. Smith, St. Louis, 318; Hollocher, Chicago, 318; Duncan, Cincinnati, 316; Williams, Philadelphia, 316; Myers, Brooklyn, 312; Z. Wheat, Brooklyn, 312.

Bunny Brief of Kansas City has batted himself up among the leaders again, and continued his tie for home run honors with Hargrave of St. Paul. Both cracked out three circuit drives in the past week and brought their totals to 19. The pair is also tied for total base honors with 246.

Hargrave is out in front in runs scored however, with 99 tallies to his credit. Rapp of St. Paul leads the base stealers with 37.

Grover Hartley of Columbus, tops the batters of the fifty or more games with an average of .351.

Other leading batters: Hargrave, St. Paul, 340; Wickland, Toledo, 334; Rondeau, Minneapolis, 333; Good, Kansas City, 330; Rehrg, Indianapolis, 328; Wade, Minneapolis, 327; Hyatt, Toledo, 320; Brief, Kansas City, 318; Berghammer, St. Paul, 317; Tineup, Louisville, 316.

Yarvan, Wichita, displaced Bogart of Joplin as runner up to East of Wichita for batting honors among the Western League players who have participated in 50 or more games. East of Wichita is batting .368 while Yarvan has .354 and Bogart .352. Beck of Wichita went into a batting slump and his place among the leaders was taken by Walker of St. Joseph who got into his stride in the past week. Lindimore of Oklahoma City has taken the lead as the best run-gatherer, having crossed the plate 90 times. Yarvan bagged half a dozen homers in the past week and is leading the circuit drive hitters with 26, while his total bases—282—place him far in front in this department. Lee, of Omaha, with his 30 stolen bases continues to show the way to the men in that department.

He also broke the lap record tying DePalma at 6:11 for one round of the course.

Murphy finished third in 3:12:47. Mulford finished fourth in 3:12:59. Eddie O'Donnell won fifth prize, finishing in 3:16:35.

DePalma won \$6,000 for finishing first, a trophy cup and \$3,000 additional because he led on each of 30 laps, at \$100 each. The last man to finish in the money was Percy Ford. Finishing outside the prize list were Tom Alley and Gaston Chevrolet. DePalma set the pace all the way, altho he was closely pressed at times by Mulford, Murphy and Milton. Only a few seconds separated the leaders at any time leaving the outcome in doubt until DePalma had crossed the tape for the last time.

During the entire race only two cars stopped at the pits. Gaston Chevrolet in the second lap to remove an obstruction from his gasoline pipe and who thus lost four laps which he never recovered and Joe Thomas who stopped to allow Tom Alley to replace him at the wheel. Thomas was injured last week found himself too weak to finish the contest, altho he proved his car for six laps.

DePalma covered the first 500 miles at an average speed of 81½ miles an hour. The 19th lap covered in six minutes and eleven seconds, breaking the course record made by Spencer Wishart, five years ago, in the race in which he was killed. DePalma's average for the entire distance also established a new record, the best previous mark of 77.5 miles an hour having been made by Gil Anderson in 1915.

AMERICAN OARSMEN WILL ENTER FINALS

BRUSSELS, Aug. 28.—(By The Associated Press.)—American oarsmen will enter the Olympic finals tomorrow in four out of five events. The Americans did not compete in the event for paired oared boats with coxswain, also a navy pair was entered formally some time ago. Hatfield, the New Zealand sculler today lost to Jack Kelly, Philadelphia single sculls champion of the United States, by two lengths.

America and Great Britain will meet in the final of the eight oared boats with coxswain. Both crews won easily today, England by three lengths over Norway and the Americans by four over France.

Interest is keen in the fight to be staged between Kelly and J. Beresford, Jr., for the singles sculling honors.

DORMANT VITALITY

LIKE the arid desert, which does not yield its vital plant food until the life-giving stream causes it to produce abundant harvests, the new Prest-O-Lite "Green Seal" Battery comes to life, and begins to develop its latent power and energy, when the vitalizing acid is put into it and it is charged for the first time at our Service Station.

The Prest-O-Lite "Green Seal" Battery is shipped to us from the factory dry—without acid. It cannot "work" and wear away while in transit or on the shelf.

You are always sure of a new battery—not one that may be from 3 to 9 months old.

Prest-O-Lite Service is yours for the asking. Use it, whatever battery you have now. Our prices for repairing and recharging are always moderate.

PAT MORAN HAD A SHADE OVER WHITE

EAST CHICAGO, Ind., Aug. 28.—Pat Moran of New Orleans had the shade better of Charley White of Chicago in a ten round bout here today. Moran carried the fight to White. White lost his forfeit when he went into the ring weighing 135½, three fourths of a pound above the figure agreed on. White in a few rounds gave a good exhibition of fighting but Moran's superior footwork carried him out of danger.

Referee Smith stopped the preliminary bout between Bud Perrilli of South Chicago and Ray Rivers of Los Angeles in the ninth to save Rivers.

RICHARDS AND BURDICK ARE TENNIS CHAMPIONS

SOUTHAMPTON, N. Y., Aug. 28.—Vincent Richards, Yonkers, N. Y., and Ralph H. Burdick, Chicago, defeated the holders of the Meadows Club Bowls in the final tennis games today, conquering the Davis cup pair, William T. Tilden, II, and Charles S. Garland by a score of 6-2, 3-6, 4-6, 6-2, 7-5.

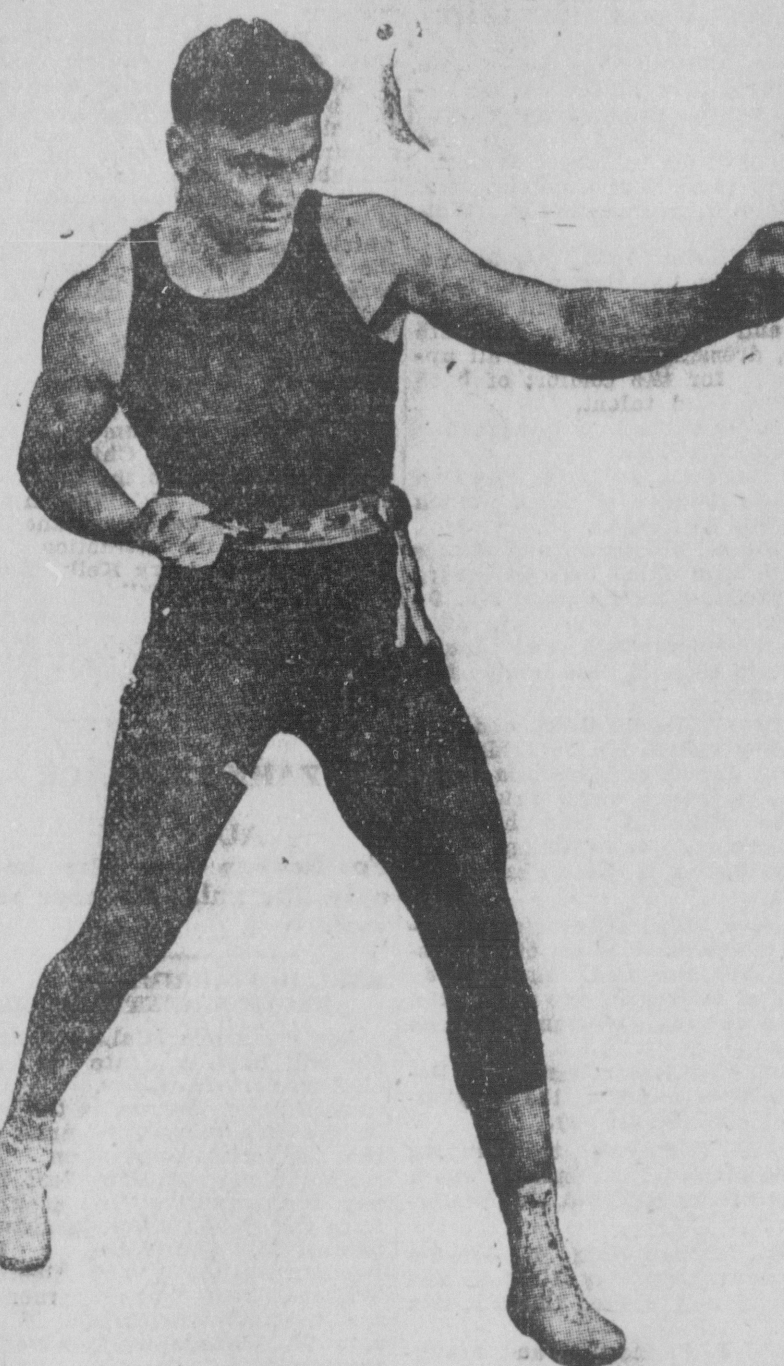

Richards was the formidable player on his side of the net. Burdick was also good altho his never rose to the heights of his partner. Tilden was poor and Garland fell to mediocrity.

MRS. F. C. LETTS, JR. WINS FOR THIRD TIME

CHICAGO, Aug. 28.—Mrs. F. C. Letts, Jr., for the third time in six years won the Women's Western Golf Championship today when she defeated Miss Edith Cummins, 2-up at the Oak Park Country Club.

Miss Cummins started out strong and early in the match was 1 up but she faltered on the approaches and greens and lost the advantage at the turn. Mrs. Letts also played erratically at times. This is the second successive year she has won the title. Both players made remarkable shots at times, but were unsteady. Mrs. Letts being especially erratic in her putting. The champion equalled men's par on the eighth and ninth holes, and on the 14, yard thirteenth scoring a birdie two against a men's par of three.

ILLINOIS ATHLETIC OFFICIALS MEETING

Held in Bloomington and Six New Districts Formed—Officers Were Elected for the Season of 1920 and 1921.

Bloomington, Ill., Aug. 28.—Six districts were named in the Illinois Athletic Officials annual meeting held Friday night. They include, centers of Peoria, Decatur, Rock Island, Mt. Vernon, Dixon and Bloomington which remains the central office of the organization.

About 25 prominent football and basketball athletes attended. Discussions of the 1920 football and basketball rules were held.

Officers were elected for the seasons of 1920 and 1921 as follows:

President—Fred H. Young, Bloomington.

First Vice President—H. J. Reynolds, Chicago.

Second Vice President—W. B. Martin, Peoria.

Secretary—Lloyd E. Eyer, Bloomington.

Treasurer—C. F. Miller, Normal.

Directors: Walter Eckersall, Chicago; Perry Graves, Champaign; Howard V. Millard, Decatur; Y. N. McCord, Bloomington; Neil McNeill, Peoria; Fred L. Muhl, Bloomington.

Each district will have officers to be chosen in the near future by the state officers. A secretary will arrange the official schedules in the respective districts.

The only change from last year's by-laws was the need of six references upon new members' applications, in place of three. Memberships will be forwarded from district centers to state headquarters.

H. G. Reynolds of Chicago who is starting his twentieth year as a basketball and football official gave a brief talk on officiating and impressed upon his experienced mates the need of aiding young athletes.

BEARDSTOWN WILL HAVE BOXING BOUTS

High Class Bill to be Given Labor Day Night—Two Bout and Battle Royal.

A classy program has been arranged by the Beardstown Athletic club for the night of Labor day.

The main bout of the evening will be between George (Knock) out Brown, the famous middleweight of Chicago and Jack Billings of Brooklyn, N. Y.

Brown has fought all of the top notchers from Stanley Ketchel down and journeyed to Australia where he took on the best of them. Billings also is a classy fighter.

Kid Rayburn of Beardstown and Jack McFarland of Rock Island will box in the semi-finals. They will go eight rounds. The main bout will be ten rounds to a newspaper decision.

Five colored boys from this city will put on a battle royal as a curtain raiser.

BIRMINGHAM WILL ACCEPT BALLOON RACES

Birmingham, Ala., Aug. 28.—A committee of the chamber of commerce today recommended acceptance of the offer of the Aero club of America to hold the annual international balloon races here October 23.

CHICAGO, Aug. 28.—George Sisler, St. Louis' star first baseman, who hit consistently in twenty-four consecutive games before he was stopped recently, continued to top the list of American League batters who have participated in fifty or more games, according to averages released today and which include games of last Wednesday. Sisler is batting for an average of .391.

Tris Speaker, the Cleveland manager, suffered a further slump in his batting in the past week but continues to be the runner-up to the St. Louis star with an average of .394. "Babe" Ruth, the home run king of baseball, who was tied with Joe Jackson, the Chicago slugger, went into a batting slump and dropped away from Jackson with whom he was tied last week for third place. Jackson is hitting .380 while the New Yorker is batting .376.

Ruth batted one home run since the last averages were compiled and his string was strengthened to 43. He continued to lead in runs scored with 132 and total bases of 312.

Rice of Washington failed to add to his total of stolen bases, but continued out in front with 45 thefts.

Other leading batters: E. Collins, Chicago, .356; Meusel, New York, .353; Rice, Washington, .348; Jacobson, St. Louis, .345; Weaver, Chicago, .343; Hendryx, Boston, .340; Judge, Washington, .335; Earl Smith, St. Louis, .330; Milan, Washington, .327; Felsch, Chicago, .325; Jamieson, Cleveland, .324; Cobb, Detroit, .322.

Nicholson of Pittsburgh is giving Roger Hornsby of St. Louis a hard run for batting honors for the National League. The Pittsburgh outfielder has batted himself to within four points of the St. Louis star, who is topping the list with an average of .367. Nicholson's mark is .363. A week ago Nicholson passed Roush of Cincinnati for third place and in the past week he added 22 points to his average and stepped ahead of Eayrs of Boston, who is now in third place with .349, while Roush continues to fourth place with .335.

Hornsby however continued to lead in total bases with 253 and has worked into a tie with Banerhoff of New York in the number of runs scored. Each has registered 76 times.

Cy Williams of Philadelphia for the second week failed to add to his home run total, but is well in the lead with 13 circuit drives. Max Carey of Pittsburgh tacked on three stolen bases the past week and is showing the way with 45 thefts.

Other leading batters: Stock, St. Louis, .330; Young, New York, .326; King, New York, .323; Konetchy, Brooklyn, .320; J. Smith, St. Louis, .318; Hollacher, Chicago, .318; Duncan, Cincinnati, .316; Williams, Philadelphia, .316; Myers, Brooklyn, .312; Z. Wheat

REPORT OF ELECTRIC RAILWAY COMMISSION

Commission Appointed by President Wilson in 1919 Makes Public Findings—Summary of Conclusions and Recommendations.

Washington—Satisfactory solution of the problem presented by the electric street railway industry can be reached through application of principles "of ordinary economic and business common sense" in the unanimous opinion of the seven men who composed the Federal Electric Railways Commission appointed by President Wilson in the report of the commission, prepared after exhaustive hearings and examinations of nearly 100 witnesses, was made public today and says:

"The commission can go no further than to point out the principles upon which the readjustment should be based. The task really is that of the state and local authorities upon the one hand and of the companies upon the other.

"Failure to rehabilitate the industry and the service is possible only if those upon whom the responsibility rests fail to undertake the work or pursue it in a spirit that makes settlement impossible."

In a summary of its conclusions and recommendations the commission said in part:

"The electric railway industry as it now exists is without financial credit and is not properly performing its public function. Result of Mismanagement. "This condition is the result of early financial mismanagement and economic causes, accentuated by existing high price levels of labor and materials and the failure of the uniform unit fare of five cents prescribed either by statute or by local franchise ordinances or contracts to provide the necessary revenues to pay operating costs and to maintain the property on a reasonable basis.

BIG VOLUNTEER WHEAT

ACREAGE IN KANSAS

Bountiful Yields Made This Year from Volunteer Crop—Bumper Wheat and Corn Crops in Kansas This Year for First Time in History.

Topeka, Kan. — Stories of sudden wealth in the Kansas wheat belt are numerous this year, due to the unusual acreage of "volunteer wheat," a crop grown from seeds which fall in the previous harvesting. Officially estimated there was 1,500,000 acres of volunteer wheat in Kansas this year, or about a sixth of the total harvested acreage. This wheat yielded probably 40,000,000 bushels or representing a monetary value of about \$100,000,000. The total Kansas crop of wheat is estimated officially at 150,000,000 bushels.

The large acreage of volunteer wheat is due to the fact that a great deal of this acreage was deserted as wheat land by the owners, after last year's none too bountiful crop had been harvested. The 1919 acreage was in excess of 11,000,000, by far the record for any state in the union. A yet fall caused the kernels of wheat which had fallen to the ground during the harvesting, to germinate.

Finding the "volunteer" crop making a stand, farmers did not disturb the growth and, with ideal weather growing weather this spring, the "volunteer" wheat yields fully as bountiful as the rest of the crop.

Innumerable stories of "deserted" acreages, producing \$5,000 to \$25,000 worth of wheat come from western Kansas where the bulk of the volunteer wheat was grown. Others tell of farmers who purchased farms this year and paid for them with the returns of this year's wheat harvest.

Illustrating the "sudden wealth" general throughout the western Kansas counties, where land has been cheap and favorable seasons few and far between, a recent canvass of wheat yields in the vicinity of Oakley, a small town 60 miles east of the Colorado line, in Logan county, showed at least 50 farmers whose wheat crops this year are worth more than \$50,000 each; at least 25 have more than \$75,000 of wheat and every farmer has a good crop. Thirteen counties, most of them of northwestern Kansas, this year are yielding 43,701,537 bushels of wheat, according to the latest official estimate by the state board of agriculture.

The one big drawback to the Kansas wheat growers' prosperity this year is the lack of facilities in which to transport his wheat to the market centers. Cars still are scarce, especially in the central and western parts of the state but the situation is not as desperate as it was two months ago, grain dealers report.

Favorable summer rains have practically assured a big corn crop in Kansas this season. The crop has been officially estimated at 140,000,000 bushels and the official forecasters now assert that the continued favorable weather means the yield will mount still higher. The Kansas weather bureau here reported that this is the first year in its 33 years existence that Kansas had bumper wheat and corn crops the same year. A banker who has lived in Kansas 52 years, is authority for the statement that in that time, such a favorable crop combination never before occurred.

Similar conditions prevail with the oats and barley crops which have been harvested. The state raised 20,000,000 bushels of barley, four times the average annual yield of the last 20 years. Alfalfa and grain sorghums, to which millions of acres are devoted in Kansas, likewise are producing bountiful crops. Kaw valley potato growers report one of the best crops ever grown. As one editor of western Kansas puts it: "The horn of plenty appears to have been dumped right into the lap of Kansas this year."

LITTLE WHEAT STORED IN KANSAS CITY ELEVATORS Kansas City, Mo.—With wheat bins in Kansas City practically empty and wheat arrivals inadequate to meet the demand for shipments to other markets and for export, the freight car shortage is clearly reflected here.

Slightly less than 2,000,000 bushels are now stored in local elevators which have a capacity of between fifteen and twenty million bushels. A year ago the supply was nearly 9,000,000. The amount in storage here has increased only a few thousand bushels since the harvest.

The shortage of cars for grain shipment in the southwest has never been more acute, according to grain company officials here. A critical situation in business and financial circles was predicted by local grainmen unless the car situation is improved. It will take twenty-eight months, at the present rate for the railroads to move wheat now in Kansas, according to Judge Clyde M. Reed of the Kansas court of industrial relations who is investigating the car shortage.

HAVE ESTABLISHED LIVESTOCK EXCHANGE

Chicago—The Illinois Agricultural association has established a livestock exchange under its livestock marketing department. It is designed as a feeder through which breeders can sell their stock. The association announces that the exchange will operate thru the 87 county farm bureau organizations of Illinois and probably similarly to their present county exchanges.

REPORT OF ELECTRIC RAILWAY COMMISSION

Commission Appointed by President Wilson in 1919 Makes Public Findings—Summary of Conclusions and Recommendations.

Washington—Satisfactory solution of the problem presented by the electric street railway industry can be reached through application of principles "of ordinary economic and business common sense" in the unanimous opinion of the seven men who composed the Federal Electric Railways Commission appointed by President Wilson in the report of the commission, prepared after exhaustive hearings and examinations of nearly 100 witnesses, was made public today and says:

"The commission can go no further than to point out the principles upon which the readjustment should be based. The task really is that of the state and local authorities upon the one hand and of the companies upon the other.

"Failure to rehabilitate the industry and the service is possible only if those upon whom the responsibility rests fail to undertake the work or pursue it in a spirit that makes settlement impossible."

In a summary of its conclusions and recommendations the commission said in part:

"The electric railway industry as it now exists is without financial credit and is not properly performing its public function.

Result of Mismanagement. "This condition is the result of early financial mismanagement and economic causes, accentuated by existing high price levels of labor and materials and the failure of the uniform unit fare of five cents prescribed either by statute or by local franchise ordinances or contracts to provide the necessary revenues to pay operating costs and to maintain the property on a reasonable basis.

tain the property on a reasonable basis.

"The industry can be restored to a normal basis only by the introduction of economies in operation, improving its tracks, equipment and service and securing a reasonable return upon the fair value of its property used in public service when honestly and efficiently managed.

"Restoration of credit involves a readjustment of relations which will remove public antagonism, provide public co-operation and insure the investor the integrity of his investment and a fair rate of return thereon."

Full co-operation of labor is essential to the prosperity and usefulness of the electric lines, the report says, adding that employees should receive a living wage and be reasonable hours and working conditions.

"They should have the right to deal collectively with their employers," it continues, "through committees or representatives of their own selection. All labor disputes should be settled voluntarily or by arbitration and the award of such a board should be final and binding upon both parties."

"It is intolerable that the transportation service of a city should be subject to occasional paralysis, whether by strikes or lockouts."

A satisfactory solution on the problems of the industry cannot be reached without considering the fair valuation of the properties, the report says. When this is done, it adds, companies should voluntarily reduce capitalization to the basis of that valuation.

The commissioners held that while it seemed best for state authorities to have jurisdiction over electric lines, either directly or on appeal, that there was "no insuperable objection" to large and "wide-awake" cities exercising exclusive regulatory powers over rates and service.

Discussing cost of service contracts, the report says they are in an experimental stage but seem to have secured a fair return upon capital, established credit and affected reasonably satisfactory public service.

"Such contracts may safely be entered into," it continues, "where the public right eventually to acquire the property is safeguarded."

Discuss Public Ownership.

This leads the commission into a discussion of public ownership of street railway from which this conclusion is derived.

"While eventually it might be expedient for the public to own and operate electric railways, there is nothing in the experience thus far obtained in this country which will justify the assertion that it will result in better or cheaper service than privately operated utilities could afford if properly regulated.

"Public ownership and operation of local transportation systems whether or not it be considered ultimately desirable, is now, because of constitutional and statutory prohibitions, financial and legal obstacles, the present degree of responsibility of our local governments and the state of public opinion, practically in so few instances that private ownership and operation must as a general rule be continued for an extended period.

"If the reforms incident to public regulation which we suggest in this report should not result in making private ownership satisfactory to the public, such reforms should at least enable public ownership to be established upon a just and equitable basis."

Development of motor bus and jitney service has been "a serious although not a fatal competition" to trolley lines, the commission finds. Where such conveyances are operated as public carriers they should be subjected to "equivalent regulatory provisions" with the trolleys, the report adds and declares that they might well be used to supplement trolley service to advantage.

The commission recommends that special assessments against trolley companies for construction and maintenance of bridges and streets also used as public highways be eliminated. It urges also that trolley extensions into new territory where property values were specially benefited should be paid for by assessment of such property "and that the amount of such assessments should not be added to the physical value of the corporate property."

In this connection the report enumerates among factors that have contributed to the "present plight" of the trolley lines "overbuilding into unprofitable territory or to promote real estate enterprises, involved some times with political improprieties.

BIG VOLUNTEER WHEAT ACREAGE IN KANSAS

Bountiful Yields Made This Year from Volunteer Crop—Bumper Wheat and Corn Crops in Kansas This Year for First Time in History.

Topeka, Kan.—Stories of sudden wealth in the Kansas wheat belt are numerous this year, due to the unusual acreage of "volunteer wheat," a crop grown from seeds which fall in the previous harvesting. Officially estimated there was 1,500,000 acres of volunteer wheat in Kansas this year, or about a sixth of the total harvested acreage. This wheat yielded probably 40,000,000 bushels of representing a monetary value of about \$100,000,000. The total Kansas crop of wheat is estimated officially at 150,000,000 bushels.

The large acreage of volunteer wheat is due to the fact that a great deal of this acreage was deserted as wheat land by the owners, or last year's none too bountiful crop had been harvested. The 1919 acreage was in excess of 11,000,000, by far the record for any state in the union. A yet fall caused the kernels of wheat which had fallen to the ground during the harvesting, to germinate.

Finding the "volunteer" crop making a stand, farmers did not disturb the growth and, with ideal wheat growing weather this spring, the "volunteer" wheat yielded fully as bountiful as the rest of the crop.

Innumerable stories of "deserted acreages," producing \$5,000 to \$25,000 worth of wheat come from western Kansas where the bulk of the volunteer wheat was grown. Others tell of farmers who purchased farms this year and paid for them with the returns of this year's wheat harvest.

Illustrating the "sudden wealth" general throughout the western Kansas counties, where land has been cheap and favorable seasons few and far between, a recent canvass of wheat yields in the vicinity of Oakley, a small town 60 miles east of the Colorado line, in Logan county, showed at least 50 farmers whose wheat crops this year are worth more than \$50,000 each; at least 25 have more than \$75,000 of wheat and every farmer has a good crop. Thirteen counties, most of them of north-west Kansas, this year are yielding 42,701,637 bushels of wheat, according to the latest official estimate by the state board of agriculture.

The one big drawback to the Kansas wheat growers' prosperity this year is the lack of facilities in which to transport his wheat to the market centers. Cars still are scarce, especially in the central and western parts of the state but the situation is not as desperate as it was two months ago, grain dealers report.

Forable summer rains have practically assured a big corn crop in Kansas this season. The crop has been officially estimated at 140,000,000 bushels and the official forecasters now assert that the continued favorable weather means the yield will mount still higher. The Kansas weather bureau here reported that this is the first year in its 33 years existence that Kansas had bumper wheat and corn crops the same year. A banker who has lived in Kansas 52 years, is authority for the statement that in that time, such a favorable crop combination never before occurred.

Similar conditions prevail with the oats and barley crops, which have been harvested. The state raised 20,000,000 bushels of barley, four times the average annual yield of the last 20 years. Alfalfa and grain sorghums, to which millions of acres are devoted in Kansas, likewise are producing bountiful crops. Kaw valley potato growers report one of the best crops ever grown. As one editor of western Kansas puts it: "The horn of plenty appears to have been dumped right into the lap of Kansas this year."

LITTLE WHEAT STORED IN KANSAS CITY ELEVATORS. Kansas City, Mo.—With wheat bins in Kansas City practically empty and wheat arrivals inadequate to meet the demand for shipments to other markets and for export, the freight car shortage is clearly reflected here. Slightly less than 2,000,000 bushels are now stored in local elevators which have a capacity of between fifteen and twenty million bushels. A year ago the supply was nearly 9,000,000. The amount in storage here has increased only a few thousand bushels since the harvest. The shortage of cars for grain shipment in the southwest has never been more acute, according to grain company officials here.

A critical situation in business and financial circles was predicted by local grainmen unless the car situation is improved. It will take twenty-eight months, at the present rate for the railroads to move wheat now in Kansas, according to Judge Clyde M. Reed of the Kansas court of industrial relations who is investigating the car shortage.

HAVE ESTABLISHED LIVESTOCK EXCHANGE. Chicago—The Illinois Agricultural association has established a livestock exchange under its livestock marketing department. It is designed as a medium through which breeders and feeders can purchase and sell their stock. The association announces that the exchange will operate thru the 87 county farm bureau organizations of Illinois and probably similarly to their present county exchanges.

FAREWELL PARTY IS GIVEN IN LITERBERRY

Members of Literberry Royal Neighbors Camp Gave Party for Mr. and Mrs. L. A. Cooper—Other Literberry News.

Literberry, Aug. 28—A number of the members of Liter camp, Royal Neighbors of America, went to the home of Mr. and Mrs. L. A. Cooper Saturday evening and spent several hours in a very pleasant way. The event was in the nature of a farewell party for Mr. and Mrs. Cooper, who are to leave within a few days for Jacksonville to make their home. Music had a prominent place in the evening's entertainment and during the course delicious refreshments were served.

The guests left with the best of wishes for Mr. and Mrs. Cooper in their new home. Claude and Charles Ratliff of Murrayville are visiting relatives in Literberry.

Miss Lulu Henderson has spent the past week with friends in Virginia and Prentice and next week expects to spend some time in Ashland. She is enjoying a vacation from her duties as operator at the Bell Telephone exchange.

Among Jacksonville visitors Saturday were Mr. and Mrs. Howard Litter, Mr. and Mrs. Durrell Crum, Mr. and Mrs. George Roach, Mr. and Mrs. L. A. Cooper, Mr. and Mrs. George Richardson and son, Enos; Mr. and Mrs. Oliver Lindsay, Mrs. J. S. Hitches, B. A. Johnson.

Alonso Ratliff of Oakford is spending a brief period with Literberry relatives.

PAID FOR DAMAGE TO CAR

Rev. I. H. Fuller of Woodson was a visitor at the Jacksonville chautauqua one day recently and while he was at lunch someone backed into his car which was parked just south of the big tent. Some slight damage was done, but the owner of the other, George Cockin of Alexander, had left a note giving his name and address, and later made good the damage.

Needless to say, the Woodson minister greatly appreciated the action of the other autoist, as no one witnessed the occurrence and Mr. Cockin could easily have escaped responsibility if he had been so disposed.

TO HOLD ROAD DISTRICT HEARING

County Board to Consider Proposal for Including Jacksonville and South Jacksonville in District Seven.

A hearing will be held before the county board Monday afternoon at 2 o'clock on the petition filed recently to make Jacksonville and South Jacksonville a part of road district No. 7. When a petition of this kind is filed it becomes the duty of the county board to give the matter due consideration. If the petition later receives favorable action the road commissioner will have authority to levy a maximum tax of 66c on the \$100 valuation of property for road work.

The value of Jacksonville property is approximately \$12,000,000 and that in South Jacksonville about one-third the amount. A total tax of something like \$60,000 could be levied by the road commissioner.

It is pointed out by those favoring the plan that such a large fund would not be necessary and that the road commissioner would in all probability levy a tax which would produce a much less sum.

If the city is made a part of the district, one-half of the fund raised for road purposes is placed in the hands of the commissioner and one-half with the city council.

If the city council desires all of the money in this fund placed at its disposal can be used outside the corporate limits with the consent and co-operation of the road commissioner. The same thing would apply to South Jacksonville, the requirement being that one-half of the fund raised there would be placed with the village trustees. If the petition is granted and the tax is raised, it is the plan of the county supervisor of roads to pave the space between Hardin avenue and the hard road and to make other improvements on the main roadways which approach Jacksonville.

It is true here as in so many other cities, that roadways just outside the city limits are not in nearly as good condition as the roads further out. It is probable that the hearing Monday will be largely attended.

WRITES LETTER WHILE ENROUTE TO CANADA

James Jefferson and Family of Pisgah Tell of First Lap of Long Journey.

James Jefferson and family of Pisgah are now enroute to Canada, having started on their long journey Tuesday, Aug. 24. The following letter has been sent by Mr. Jefferson and will be read with interest by the many friends of the family in this county:

Cedar Rapids, Iowa, Aug. 27, 1920.

Editor Journal:—Just a few lines to my Morgan county friends. I started to Canada last Tuesday, leaving Jacksonville at 3:30 and camping four miles east of Beardstown. We drove 120 miles Wednesday and 150 miles today. We camped tonight a short distance from Cedar Rapids. We followed the Burlington Way to Rock Island and then struck the Red Star trail. Now we are on the trail known as the Lincoln highway and intend to follow it thru Iowa.

Iowa is a beautiful state. I haven't seen a poor piece of corn since I left the Illinois river. The boys think it a fine trip so far. They state the tent down in short order and soon have their hands full of something to eat. We always camp in some farmer's yard and so far have found the people along the way very obliging.

Yours very truly, James Jefferson.

WOMEN NOT STRONG FOR THOMPSON

Mrs. Fletcher Dobyns Says They Can Be Counted On to Aid Chicago Mayor's Foes.

E. O. Phillips, writing from Springfield to the Chicago Tribune, has the following story to indicate his views as to the standing of the Thompson-Lundin movement down state:

Mrs. Fletcher Dobyns, who was in Springfield to preside over an organization meeting of downstate anti-Tammany women, expressed officially the feeling of the men and women who are handling the primary campaign for the city hall's opponents. She said:

"The last doubt is swept away and our long battle has been won. We are now full voters, and Illinois women will take their place in the primary Sept. 15. This will mean the overwhelming defeat of the Thompson faction."

Hero's Mother's Views.

Mrs. Dobyns after this made public the following statement, addressed to her by Mrs. Mary E. Busey of Urbana, Ill.:

"I congratulate you and your organization upon the splendid service you are rendering in arousing the women of the state, to the danger of the Tammany control, which Mayor Thompson is apparently attempting to perfect in Illinois. You, like myself, have paid the supreme price of an American woman for the welfare of our country. My only son lies in France, as does your brother, sacrifice upon the altar of our country in the great world war. I do not see how any Illinois mother, who during the war, had a son in France, can think with anything but fear and trembling of the prominent place Mayor Thompson is taking in this campaign.

"I do not believe our Illinois women will forget the occasion of the breach between Chicago's mayor and our war governor, when it became necessary to use the armed forces of the state to prevent the proposed pacifist meeting in Chicago.

She's Sorry for Thompson.

"I am sorry to remember that Mayor Thompson's official organ, the Republican, later advised its followers to vote for one of these Socialist pacifists for United States senator against Medill McCormick, the duly nominated Republican candidate. I am sorry to remember that extracts from Mayor Thompson's speeches made during the war were scattered behind the American lines in France by German aviators for the purpose of undermining the morale of our army.

"I am sorry to remember that Mayor Thompson, while we were at war with Germany, refused to welcome to Chicago Marshal Joffre, the emissary to this country of one of our chief allies, stating that 'Chicago is the sixth German city of the world.'"

"In view of these facts as well as many others with which we are all familiar and because of my hope that our sacrifices have not been in vain, I will most willingly comply with your request to aid and cooperate with you to prevent Thompson control in Illinois."

MR. PERRIN SPENT SUMMER IN STUDY

Superintendent of Jacksonville Schools at Chicago University—Home Now to Prepare for School Year.

Supt. H. A. Perrin of the Jacksonville schools has returned home after spending the summer at Chicago University. Mr. Perrin is a Chicago University graduate and it is quite natural for him to return to that well known institution for his special work. This summer he has taken three general lines of study, the first, experimental education, the second, mental tests as applied both to education and industry, and third, federal help in educational work.

The schools of Jacksonville are to reopen Monday, Sept. 13, and Mr. Perrin will now begin active preparations for the reopening. Beginning tomorrow he will be at his office in the David Prince building each day from 9 to 11 o'clock and from 2 to 4 o'clock.

Now open for accessories, storage, service; also new top department ready for tops, rear curtains, side curtains and seat covers.

PROBATE COURT.
Judge Samuel heard some evidence relating to the proposed pavement of East State street and continued the hearing to Wednesday, Sept. 1, at 9 o'clock.
In the estate of John Baptist, the widow's relinquishment and selection approved.
In the estate of Charles Cox, a petition was filed by John Mutch asking that Harriet Cox, as administratrix, be required to file an inventory and to comply with the previous order of the court relating to this estate. On hearing it was shown that Mrs. Cox was in contempt of court for failure to comply with a ruling and an order was entered for her commitment to jail unless the desired report is made a matter of record.
In the guardianship of Martin Guinane, petition of James Guinane for letters was allowed and bond fixed in the sum of \$10,000.
In the estate of Lillian B. Owings, letters of administration were ordered to issue to C. H. Gibbs and bond fixed in the sum of \$2,000.
In the estate of Henry Rolfs, petition of John Onken for the probate of the will was filed and the hearing set for September 20.
The accident was caused, it is said, by the brakes refusing to work on the car of Mr. Riggs. The rear left wheel and fender of the Rabbitt car was damaged, while the front fender of the Riggs car suffered damage.

FAMILY REUNION AT WINCHESTER TODAY

Members of Smithson Family to Meet in Reunion at Monument Park—Autoists Return from St. Louis Trip—Other Winchester News.

Winchester, Aug. 28.—Mrs. A. P. St. of Holden, Mo.; Mrs. J. C. Holloway of Palmyra; C. T. Smithson of Tulsa, Cal.; J. C. Smithson of Wichita, Kans.; W. S. Smithson of McMinnville, Ore., are guests at the home of Mr. and Mrs. L. D. Little, six miles northwest of town. The visitors are sisters and brothers of Mrs. Little and it is the first time in years that they have all been together under the same roof. A reunion of the Smithson family will be held Sunday in Monument Park, and will be an event of much local interest.

Mrs. Florence Williams arrived Saturday noon from Phoenix, Ariz., to visit her mother, Mrs. Sarah Dickenson and sister, Mrs. Henry Kiehl.

Mr. and Mrs. James Edmonson and daughter, Mrs. Julia Muir, W. L. Bagshaw, wife and two daughters, returned Saturday from a delightful trip to St. Louis. Both families made the trip by automobile, and reported a very pleasant time.

Mr. and Mrs. J. R. Forrester, Miss Effie Edwards and Fred McLaughlin of Roadhouse, are guests at the home of Mr. and Mrs. William Bean.

M. B. Edmonson of Clayton is a guest at the home of W. B. Rev. W. B. Morris has returned Clark and family, home from a vacation trip to Chicago and other places.

John Groves passed away Thursday morning at the county farm, aged over ninety years. He had been a resident of the county for

many years. Funeral services were held at the cemetery Saturday, Rev. Mr. Elmore of the Christian church officiating. Music was furnished by Mrs. Elmore and Mrs. Demerath.

Mrs. Floyd Wallace left Saturday afternoon for Alton to visit relatives.

Mr. and Mrs. J. C. Neat will leave Sunday morning for Springfield to visit relatives.

Mr. and Mrs. William Hieronymus, Charles Hieronymus and children were guests at the home of Charles Hieronymus, Sr., Friday.

PAID FOR DAMAGE TO CAR

Rev. I. H. Fuller of Woodson was a visitor at the Jacksonville chautauqua one day recently and while he was at lunch someone backed into his car which was parked just south of the big tent. Some slight damage was done, but the owner of the other, George Cockin of Alexander, had left a note giving his name and address, and later made good the damage.

Needless to say, the Woodson minister greatly appreciated the action of the other autoist, as no one witnessed the occurrence and Mr. Cockin could easily have escaped responsibility if he had been so disposed.

TO HOLD ROAD DISTRICT HEARING

County Board to Consider Proposal for Including Jacksonville and South Jacksonville in District Seven.

A hearing will be held before the county board Monday afternoon at 2 o'clock on the petition filed recently to make Jacksonville and South Jacksonville a part of road district No. 7. When a petition of this kind is filed it becomes the duty of the county board to give the matter due consideration. If the petition later receives favorable action the road commissioner will have authority to levy a maximum tax of 66c on the \$100 valuation of property for road work.

The value of Jacksonville property is approximately \$12,000,000 and that in South Jacksonville about one-third the amount. A total tax of something like \$60,000 could be levied by the road commissioner.

It is pointed out by those favoring the plan that such a large fund would not be necessary and that the road commissioner would in all probability levy a tax which would produce a much less sum.

If the city is made a part of the district, one-half of the fund raised for road purposes is placed in the hands of the commissioner and one-half with the city council. If the city council desires all of the money in this fund placed at its disposal can be used outside the corporate limits with the consent and co-operation of the road commissioner. The same thing would apply to South Jacksonville, the requirement being that one-half of the fund raised there would be placed with the village trustees. If the petition is granted and the tax is raised, it is the plan of the county supervisor of roads to pave the space between Hardin avenue and the hard road and to make other improvements on the main roadways which approach Jacksonville.

It is true here as in so many other cities, that roadways just outside the city limits are not in nearly as good condition as the roads further out. It is probable that the hearing Monday will be largely attended.

POULTRY ASSOCIATION Meeting Monday evening, August 30, 7:30. Home of George W. Hamilton, 419 East North Street.

James Jefferson and Family of Pisgah Tell of First Lap of Long Journey.

James Jefferson and family of Pisgah are now enroute to Canada, having started on their long journey Tuesday, Aug. 24. The following letter has been sent by Mr. Jefferson and will be read with interest by the many friends of the family in this county:

Cedar Rapids, Iowa, Aug. 27, 1920.

Editor Journal:—Just a few lines to my Morgan county friends. I started to Canada last Tuesday, leaving Jacksonville at 3:30 and camping four miles east of Beardstown. We drove 120 miles Wednesday and 150 miles today. We camped tonight a short distance from Cedar Rapids.

We followed the Burlington Way to Rock Island and then struck the Red Star trail. Now we are on the trail known as the Lincoln highway and intend to follow it thru Iowa.

Iowa is a beautiful state. I haven't seen a poor piece of corn since I left the Illinois river. The boys think it a fine trip so far. They stake the tent down in short order and soon have their hands full of something to eat. We always camp in some farmer's yard and so far have found the people along the way very obliging.

Yours very truly,
James Jefferson.

WOMEN NOT STRONG FOR THOMPSON

Mrs. Fletcher Dobyns Says They Can Be Counted On to Aid Chicago Mayor's Foes.

E. O. Phillips, writing from Springfield to the Chicago Tribune, has the following story to indicate his views as to the standing the Thompson-Lundin movement down state:

Mrs. Fletcher Dobyns, who was in Springfield to preside over an organization meeting of down-state anti-Tammany women, expressed officially the feeling of the men and women who are handling the primary campaign for the city hall's opponents. She said:

"The last doubt is swept away and our long battle has been won. We are now full voters, and Illinois women will take their place in the primary Sept. 15. This will mean the overwhelming defeat of the Thompson faction."

Hero's Mother's Views.

Mrs. Dobyns after this made public the following statement, addressed to her by Mrs. Mary E. Busey of Urbana, Ill.:

"I congratulate you and your organization upon the splendid service you are rendering in arousing the women of the state, to the danger of the Tammany control, which Mayor Thompson is apparently attempting to perfect in Illinois. You, like myself, have paid the supreme price of an American woman for the welfare of our country. My only son lies in France, as does your brother, sacrifice upon the altar of our country in the great world war. I do not see how any Illinois mother, who, during the war, had a son in France, can think with anything but fear and trembling of the prominent place Mayor Thompson is taking in this campaign."

"I do not believe our Illinois women will forget the occasion of the breach between Chicago's mayor and our war governor, when it became necessary to use the armed forces of the state to prevent the proposed pacifist meeting in Chicago."

She's Sorry for Thompson.

"I am sorry to remember that Mayor Thompson's official organ, the Republican, later advised its followers to vote for one of these Socialist pacifists for United States senator against Medill McCormick, the duly nominated Republican candidate. I am sorry to remember that extracts from Mayor Thompson's speeches made during the war were scattered behind the American lines in France by German aviators for the purpose of undermining the morale of our army."

"I am sorry to remember that Mayor Thompson, while we were at war with Germany, refused to welcome to Chicago Marshal Joffre, the emissary to this country of one of our chief allies, stating that 'Chicago is the sixth German city of the world.'"

"In view of these facts as well as many others with which we are all familiar and because of my hope that our sacrifices have not been in vain, I will most willingly comply with your request to aid and cooperate with you to prevent Thompson control in Illinois."

WHITE HALL LABOR TROUBLE NEARS END

Full Resumption of Operations at Plant of White Hall Sewer Pipe and Stoneware Co. by Next Monday — Chautauqua Program Nears Close.

White Hall, Aug. 28.—A fight for the open-shop principle has been carried to a successful conclusion at White Hall, and by next Monday there will be full resumption of operations at the plants of the White Hall Sewer Pipe and Stoneware Co. On June 15th last a strike was declared for a flat advance of 10c per hour. The company was given 24 hours to meet the demands, which was impossible of execution in so short a time. The men quit, and a week later it voted to return to work on a basis of 2 1-2c per hour increase. In the meantime, however, a union had been formed among a group of the employees, and when the time came for returning to work the unionized element failed to get places. This caused a renewal of the strike, and the action of the company in failing to put all men back to work at that time is explained by subsequent events. From this time forward the membership of the union increased from 90 to 240, and still the proposals of the men met with refusal on the part of the company. Efforts to embroil the Ruckel employees failed.

It is refreshing to note that the struggle was treated in a business-like manner all through by both sides. Mr. Stahl, representing the company, admits that the men made a great fight, and that since the turn of affairs is favorable to the company Mr. Pratt is quoted as saying that he lost control of the situation when the company inaugurated an auto service to convey the men. Thus ends a chapter of a rather radical labor episode when the men are not equipped with adequate representation and conservative in action, so precipitate in this instance, and which did not give the employees a fair and square deal at the outset.

Chautauqua Services Sunday. The White Hall chautauqua announces services for next Sunday that will undoubtedly mean the largest audience at a church service in the history of the town. There will be union Sunday school session at 9:30, the usual hour, and at the regular hour for morning worship the sermon will be delivered by Rev. J. M. Beadles, who is back this week on his regular annual visit to home folks.

The outstanding feature Wednesday was a visit by John G. Oglesby, Republican candidate for governor, who came through in an auto, and was met at Roodhouse by a delegation from White Hall and escorted to the grounds, where at 2:30 he spoke for fifteen minutes.

Officers for the ensuing year, and a board of directors will be elected Saturday evening. A most attractive feature is the floral decorations of the speakers stand by the Harding, the new proprietors of the White Hall greenhouses. The decorations are changed daily, and in this way is brought out various ideas in floral decorations by these artists. Progress with the sale of guarantors' tickets for next year is satisfactory, the sale beginning today, and 1,500 are to be sold.

THE BIGGEST CHANCE you ever had to equip your cars with the new standard Cord tires, is now—Our prices positively will continue only through Chautauqua week.

TAX-ON-WEALTH

Vienna. — The tax-on-wealth bill has been adopted by the assembly after including in it the amendments proposed by the reparations commission. These amendments which caused much criticism, were designed to prevent the bill contravening terms of the peace treaty or conflicting with the entente's proposal of May 21, 1920, for a bond issue to cover present or future credits of Austria.

Chancellor Renner, in presenting the amendments, said he did so because national misery forced the country to comply with allied demands.

Finance Minister Bauer said with bitterness that it was the first time in history a foreign power overruled a national acceptance of amendments to legislation pending in the legislature of another state. He was cheered loudly.

Social Democrats during the debate charged that Christian Socialists had attempted to defeat the measure by inspiring bankers and representatives of "big business" to go to the reparations commission to point out the dangers of the bill. When Deputy Friedmann admitted doing so and began a defense of his course there were cries of "Traitor! Hang him!" A group of members made a rush for Friedmann but he hid under a desk and finally was rescued by officials.

Austria's tax on wealth is expected to produce 1,000,000,000 crowns.

URGES PROTECTION OF AMERICAN FORESTS

President American Forestry Association Favors Expenditure of Million a Year to Protect Forests Against Fire Loss.

New London, N. H. — Expenditure of \$1,000,000 a year for the protection of American forests against the \$30,000,000 a year fire loss was advocated here today by Charles Lathrop Pack, president of the American Forestry association in addressing a conference of foresters, timberland owners, paper, pulp men and lumbermen. He also urged a \$2,000,000 a year appropriation for the acquisition of forest land by the government for the purpose of growing timber to replace "our rapidly disappearing supplies."

Mr. Pack spoke before the meeting of the society for the protection of New Hampshire forests. "Our mature forests are not only being wiped out by destructive conflagrations as well as by numerous fires but these fires also prevent the natural reforestation of hundreds of thousands of acres of cut over land," he said. "Our direct loss in timber by these fires is \$30,000,000 a year. Altogether there are 315,000 acres of state and privately owned forest land in the protection of which the government should cooperate. At present half of this vast area is wholly unprotected and protection for the other half is entirely inadequate. Legislation authorizing the government to spend \$1,000,000 annually in cooperation with the states for fire protection is immediately essential."

"There should be immediate completion of the original program for the protection of watersheds of navigable streams by spending \$2,000,000 a year in acquiring 1,000,000 acres in New England, 5,000,000 acres in the southern Appalachians and forest lands in the principal forest regions."

"Speaking for the American Forestry association I can say without reserve that the association is heartily in favor of the prompt enactment of legislation along these lines."

WILL DISCUSS PROBLEMS OF GENERAL INTEREST
 Des Moines, Ia. — Purpose in calling the secretaries of the state councils of defense who served during the world war to meet here September 13 and 14 to form a national organization is to give consideration to the many organizations in various states fostering propaganda of a common interest, according to H. J. Metcalf of this city, who has called the meeting.

In addition to the secretaries, members of the state council also have been invited to the conference. Mr. Metcalf said responses have been received from a number saying they will attend.

In addition to considering the various organizations which are now reported to be doing similar work, Mr. Metcalf said the secretaries will discuss problems dealing with the general welfare of the nation.

WILL ELIMINATE HAM AND BACON SHOW

Chicago. — The ham and bacon show and the corn show, which have been fixtures at the national swine show, have been eliminated this year to concentrate on the livestock end, the National Swine Growers' association announces. The exposition will be held at Des Moines, opening October 4.

Some wild swamp hogs, such as are still to be found in parts of the United States, will be shown by way of contrast with improved hogs.

PLANS ARE MADE FOR ANNUAL CONVENTIONS

National and State Conventions of Anti Horse Thief Association to Be Held Here in October—Committees Are Named Saturday.

At the regular meeting of Sub Order No. 158, Anti Horse Thief Association, held Saturday afternoon, plans were made for the holding of the National and State conventions of the order here in October.

The National meeting will be held October 7 and the State convention on October 8, the day following. J. M. Pence, national secretary, was present Saturday to confer with the members of the local order as to arrangements for the two sessions.

All meetings for both National and State conventions will be held in Knights of Columbus hall on East State street. Headquarters will be at the Pacific hotel.

The National convention will be called to order at 9 o'clock on the morning of October 7. Mayor E. E. Crabtree will deliver the address of welcome. Following the response, Carl E. Robinson, state's attorney, will deliver an address on the good of the order.

At 6 o'clock in the evening a banquet will be tendered visiting delegates by the local order. This banquet will be held in Central Christian church.

On the morning of October 8, the visitors will be given an automobile ride about the city. The party will start from the Pacific hotel at 8 o'clock.

Following this feature the State convention will be called to order in Knights of Columbus hall at 10 o'clock. The following committees have been selected for the two conventions:

Reception—G. W. Patterson, V. R. Riley, J. W. Lazenby, F. J. Blackburn, James Martin, John Moss, Stansfield Baldwin, Frank Wigginst.

Executive—C. S. Black, J. K. Long, Perry White, A. C. Reid. Banquet—William Batz, A. E. Williamson, Charles H. Gibbs, N. T. Fox, Joshua Vasconcellos.

Entertainment—J. W. Clary, Clyde D. Black, T. M. Tomlinson, John D. Cain, Grant Graff.

RETURN FROM AN OUTING AT MEREDOSIA

Under the direction of Miss Margaret Ring, a very appropriate and suitable outing was given to 23 of our popular young girls of the 7th and 8th grades of the Catholic school at the Rotary club, for the past week.

Following is a list of the happy girls: Marion Walsh, Louise Hagel, Josephine Cooney, Frances Brennan, Kathryn Flynn, Sarah Cooley, Marie Early, Mildred Sellers, Eleanor McGinnis, Aileen Loneragan, Dorothy Eads, Alice Murgatroyd, Clara Sullivan, Katherine Martch, Mary Lee Kettering, Genevieve DeFrates, Anna DeFrates, Anna Bloese Helen McKavitt, Mary Clancy, Mary McGinnis, Agnes Kennedy, Lillian Gruber, Mary Steer.

All these young girls wish to express their sincere gratefulness to the Rotary club for the use of their cottage. And it is assured that the entire party certainly enjoyed themselves with a delightful weeks vacation at this beautiful point.

This party of girls were chaperoned by Miss Margaret Ring, Mrs. John Buckley, Mrs. Eugene Kettering and Mrs. M. D. Shanahan. The happy party left here August 20 and returned home last evening. Miss Ring certainly deserves credit for her good figures for 1919.

WHITE HALL LABOR TROUBLE NEARS END

Full Resumption of Operations at Plant of White Hall Sewer Pipe and Stoneware Co. by Next Monday — Chautauqua Program Nears Close.

White Hall, Aug. 28.—A fight for the open-shop principle has been carried to a successful conclusion at White Hall, and by next Monday there will be full resumption of operations at the plants of the White Hall Sewer Pipe and Stoneware Co. On June 15th last a strike was declared for a flat advance of 10c per hour. The company was given 24 hours to meet the demands, which was impossible of execution in so short a time. The men quit and a week later it was voted to return to work on a basis of 2 1-2c per hour increase. In the meantime, however, a union had been formed among a group of the employees, and when the time came for returning to work the unionized element failed to get places. This caused a renewal of the strike, and the action of the company in failing to put all men back to work at that time is explained by subsequent events. From this time forward the membership of the union increased from 90 to 240, and still the proposals of the men met with refusal on the part of the company. Efforts to embroil the Ruckel employees failed.

It is refreshing to note that the struggle was treated in a business-like manner all through by both sides. Mr. Stahl, representing the company, admits that the men made a great fight, and that since the turn of affairs is favorable to the company Mr. Pratt is quoted as saying that he lost control of the situation when the company inaugurated an auto service to convey the men. Thus ends a chapter of a rather radical labor episode when the men are not equipped with adequate representation and conservative in action, so precipitate in this instance, and which did not give the employees a fair and square deal at the outset.

Chautauqua Services Sunday. The White Hall Chautauqua announces services for next Sunday that will undoubtedly mean the largest audience at a church service in the history of the town. There will be union Sunday school session at 9:30, the usual hour, and at the regular hour for morning worship the sermon will be delivered by Rev. J. M. Beadles, who is back this week on his regular annual visit to home folks.

The outstanding feature Wednesday was a visit by John G. Oglesby, Republican candidate for governor, who came through in an auto, and was met at Roodhouse by a delegation from White Hall and escorted to the grounds, where at 2:30 he spoke for fifteen minutes.

Officers for the ensuing year and a board of directors will be elected Saturday evening. A most attractive feature is the floral decorations of the speakers' stand by the Hardings, the new proprietors of the White Hall greenhouses. The decorations are changed daily, and in this way is brought out various ideas in floral decorations by these artists. Progress with the sale of guarantors' tickets for next year is satisfactory, the sale beginning today, and 1,500 are to be sold.

THE BIGGEST CHANCE you ever had to equip your cars with the new standard Cord tires, is now—Our prices positively will continue only through Chautauqua week.

TAX-ON-WEALTH

BILL ADOPTED

Vienna. — The tax-on-wealth bill has been adopted by the assembly after including in it the amendments proposed by the reparations commission. These amendments which caused much criticism, were designed to prevent the bill from conflicting with the peace treaty or conflicting with the entente's proposal of May 21, 1920, for a bond issue to cover present or future credits of Austria.

Chancellor Renner, in presenting the amendments, said he did so because national misery forced the country to comply with allied demands.

Minister Bauer said with bitterness that it was the first time in history a foreign power ever drafted and forced acceptance of amendments to legislation pending in the legislature of another state. He was cheered loudly.

Social Democrats during the debate charged that Christian Socialists had attempted to defeat the measure by inspiring bankers and representatives of "big business" to go to the reparations commission to point out the dangers of the bill. When Deputy Friedmann admitted doing so and began a defense of his course there were cries of "Traitor! Hang him!" A group of members made a rush for Friedmann but he hid under a desk and finally was rescued by officials.

Austria's tax on wealth is expected to produce 1,000,000,000 crowns.

URGES PROTECTION OF AMERICAN FORESTS

President American Forestry Association Favors Expenditure of Million a Year to Protect Forests Against Fire Loss.

New London, N. H. — Expenditure of \$1,000,000 a year for the protection of American forests against the \$30,000,000 a year fire loss was advocated here today by Charles Lathrop Pack, president of the American Forestry association in addressing a conference of foresters, timberland owners, paper, pulp men and lumbermen. He also urged a \$2,000,000 a year appropriation for the acquisition of forest land by the government for the purpose of growing timber to replace "our rapidly disappearing supplies."

Mr. Pack spoke before the meeting of the society for the protection of New Hampshire forests.

"Our mature forests are not only being wiped out by destructive conflagrations as well as by numerous fires but these fires also prevent the natural reforestation of hundreds of thousands of acres of cut over land," he said. "Our direct loss in timber by these fires is \$30,000,000 a year. Altogether there are 315,000 acres of state and privately owned forest land in the protection of which the government should cooperate. At present half of this vast area is wholly unprotected and protection for the other half is entirely inadequate. VIRGINIA MAN BREAKS ARM IN SPRINGFIELD

Arthur Trenter Suffers Broken Arm While Cranking Car — Funeral of Late Mrs. M. A. Berry Held — Other Virginia Items.

Virginia, Aug. 28. — Arthur Trenter had the misfortune to break his arm while cranking a Ford car in Springfield one day this week. He had been to the Springfield hospital to visit his

mother, Mrs. Lou Trenter, who is a patient there. Miss Olive Fielder left Friday for Richland. Her school there will open Monday, Aug. 30. Edward Krone has just purchased a new Buick auto and Ted Cook is now owner of a new Dodge. Mrs. Noah Thompson arrived home Friday from Springfield hospital where she has been a patient for the past six weeks. Miss Mary Devlin had the misfortune to fall and break her arm Wednesday evening in Springfield while alighting from a street car. Miss Devlin's home is in this

city but she is employed as a linotype operator for the State Register in Springfield. John G. Oglesby candidate for the Republican nomination for governor of Illinois, was a visitor in this city Wednesday. Miss Olive Fielder returned Wednesday from a pleasant visit with relatives in Pittsfield. Funeral services over the remains of the late Mary A. Berry of Grand Junction, Colo., were held at the Church of Christ Wednesday morning, Rev. C. E. French in charge. The deceased was a former resident of this city and is survived by her sister, Mrs. Joseph Wilson of this city and two brothers, W. T. Berry of Grand Junction, Colo., and Milton Berry of Vallejo, Cal. Burial was in Walnut Ridge cemetery.

Mrs. Charles Etchison of Sterling, Ill., is the guest of her daughters, Mrs. Jesse Mefford and Mrs. Orville Hackman of near this city.

Mr. and Mrs. C. E. Paul and Mr. and Mrs. George Fisher arrived home Friday from a visit with relatives in Findley, Ohio. Mr. and Mrs. Roy Ross are the parents of a daughter born Tuesday. The little miss is the second child and will be christened Marjorie.

Robert Widmayer is a patient at the Springfield hospital. Hal Cherry and son completed a visit with relatives here and returned to their home in Kansas City.

Mrs. John McCarty of Alton is the guest of her sister, Mrs. Robert Hall. Walter Whitaker of Hoisington, Kans., is the guest of relatives here.

Mrs. Thomas Watts has returned to her home in Peoria after spending several weeks at the Stockton home in this city. She was accompanied by Mrs. Alle Stockton, who will visit there indefinitely.

Mr. and Mrs. Bert Lurch will move to the property of the late Joseph Stockton on Sylvan street. S. A. Gould has purchased the Mrs. Mollie McGuire property on East Springfield street. William Clark, who recently suf-

fered a paralytic stroke, remains in a serious condition. Billie and John Robert Munson of New Berlin, sons of Mr. and Mrs. Edward Munson, are spending the week with relatives here. Mr. and Mrs. Calvin Daniels and daughters, Gladys and Valma spent several days in Springfield this week with relatives.

MAVERICKS

If present conditions keep up in Ireland there won't be anybody left to enjoy home rule when it comes.

John Sundine of the Moline Dispatch had a new automobile, costing about \$5,000 stolen up in Davenport, Iowa, the other day. John will get but little sympathy out of us. We can't imagine an editor in these days having enough money to buy an automobile.

Military authorities in the regime of the Czar never dreamed of sending men to slaughter in battle with the abandon that has been shown by Lenin and Trotsky.

Do you remember back in the days when it took a wagon to haul home \$5 worth of groceries? One can carry that amount of groceries in his vest pocket these days.

Senator Hitchcock tells why he is supporting Cox for president. The dispatches tell us. After President Wilson said he and Governor Cox were in accord on the league of nations and Senator Hitchcock stood on the floor of the senate and fought for the league covenant without the crossing of a "t" or the dotting of an "i", it would seem that he is wasting time in telling the American people why he is for Cox.

Republican day at the Kankakee fair was given over almost exclusively this year to Mayor Thompson of Chicago. Thousands of leaders and men of the rank and file who attended the Kankakee fair in past years were conspicuous by their absence. It is becoming more evident every day that down state Republicans are not tickled to death with Len Small's political bedfellows.

Governor Cox says the Democrats will not attempt to match dollars with the Republicans. They are in a bad fix then for it is impossible for them to match brains with them.

Dispatches tell us that the Prohibition candidate lambasts Senator Harding. However, Harding should worry as he is not running on the Prohibition ticket.

Governor Cox after doing a lot of talking about the Republican campaign fund presented a lot of extracts from the official bulletin published by the Republican national committee. The information was what almost every Republican in the country already knew.

Kankakee was threatened with a gas famine last week. It does not seem possible after Mayor Thompson's speech, which was delivered at the Kankakee fair, fair.

Upham says the outbreak of Governor Cox is only a dream. Off hand we would say it is more like a nightmare. G. W. D.

WILL NOT MANUFACTURE PORCELAIN COINS

Berlin.—The proposal to manufacture porcelain coin to the amount of 60,000,000 marks for the German republic has been abandoned. Some already had been produced at the Meissen manufactory and were disks of terra cotta color unglazed and unmarked but of faultless artistic imprint. Expert of the Reichsbank however, advised the government against their adoption, mainly on the ground that they would be unwieldy in the pocket or purse, could not be easily distinguished by touch and could not be counted with existing counting machinery.

One of the most important points raised in opposition to their use was that they might be imitated without particular difficulty except for a degree of hardness which could only be ascertained by tests by experts in porcelain.

12-20 Kerosene Tractor With 16-Valve Engine

Power, Simplicity, Low Operating Cost. You will admire every point of this Twin City 12-20. It's fine, clean, handsome appearance, the ease with which you can get at all its parts as well as its simple operation. But most of all you will admire it's great power and it's low running cost. This great power is the result of the famous 16 valve engine—the most important step in tractor manufacturing since the beginning of the tractor industry. Live axle with direct drive on both speeds is another great feature. Come in and let us give you the whole story about this Twin City 12-20. When you buy a tractor you want the most power you can get at the lowest possible cost, and that it what this Twin City 12-20 delivers.

The Killing Air of the Desert

Across the hot sands blow the parched dry winds—sucking every drop of moisture from plant and animal. It fans the man's face and body—drying up his skin, his lips—his very life.

Compare the Air in Your Home

The average home has less than one degree of humidity—while the Sahara Desert averages six degrees

Your stove burns up the moisture and the oxygen in the air. This dry air in turn sucks the moisture from the bodies of you and your family—reducing your vitality—impairing your health—even endangering your lives.

Moisten the Air as You Warm It

Banish your unhealthy, dirt-producing stoves. Install, instead, the one heater that, in addition to warming every nook and corner of your home, fills the air with life-giving moisture (humidity). These

PIPELESS HERO FURNACES

in the basement—out of the way—with but one register, heat every room in the house—whether there be two or twelve—to a temperature of 70 degrees in even the coldest weather. One fire does this—where three or four stoves fail.

But in addition, the Air Washer-Humidifier System washes and moistens the air as it is warmed.

The Hero Pipeless Furnace excels all others in this one big vital feature; for these vapor pans cover the entire bottom of the air chamber and all air must pass over them.

Thus the dirt, dust, lint, fibers, odors and gases are washed out and the proper amount of moisture is added to the clean pure air.

No Deadly Air in a Hero Heated Home

Those who have Hero—moistened Heat know from experience that they save fuel—for a temperature of 65 degrees with the proper moisture is more comfortable than 72 degrees when the air is dry. Let us demonstrate to you the other advantages of the Hero Pipeless Furnace.

VIRGINIA MAN BREAKS ARM IN SPRINGFIELD

Arthur Trenter Suffers Broken Arm While Cranking Car — Funeral of Late Mrs. M. A. Berry Held — Other Virginia Items.

Virginia, Aug. 28.—Arthur Trenter had the misfortune to break his arm while cranking a Ford car in Springfield one day this week. He had been to the Springfield hospital to visit his

mother, Mrs. Lou Trenter, who is a patient there.

Miss Olive Fielder left Friday for Richmond. Her school there will open Monday, Aug. 30.

Edward Kone has just purchased a new Buick auto and Ted Cook is now owner of a new Dodge.

Mrs. Noah Thompson arrived home Friday from Springfield hospital where she has been a patient for the past six weeks.

Miss Mary Devlin had the misfortune to fall and break her arm Wednesday evening in Springfield while alighting from a street car. Miss Devlin's home is in this

city but she is employed as a linotype operator for the State Register in Springfield.

John G. Oglesby candidate for the Republican nomination for governor of Illinois, was a visitor in this city Wednesday.

Miss Olive Fielder returned Wednesday from a pleasant visit with relatives in Pittsfield.

Funeral services over the remains of the late Mary A. Berry of Grand Junction, Colo., were held at the Church of Christ Wednesday morning, Rev. C. E. French in charge. The deceased was a former resident of this city and is survived by her sister, Mrs. Joseph Wilson of this city and two brothers, W. T. Berry of Grand Junction, Colo., and Milton Berry of Vallejo, Cal. Burial was in Walnut Ridge cemetery.

Mrs. Charles Etchison of Sterling, Ill., is the guest of her daughters, Mrs. Jesse Mefford and Mrs. Orville Hackman of near this city.

Mr. and Mrs. C. E. Paul and Mr. and Mrs. George Fisher arrived home Friday from a visit with relatives in Findlay, Ohio.

Mr. and Mrs. Roy Ross are the parents of a daughter born Tuesday. The little miss is the second child and will be christened Marjorie.

Robert Widmayer is a patient at the Springfield hospital.

Hal Cherry and son completed a visit with relatives here and returned to their home in Kansas City.

Mrs. John McCarty of Alton is the guest of her sister, Mrs. Robert Hall.

Walter Whitaker of Holington, Kans., is the guest of relatives here.

Mrs. Thomas Watts has returned to her home in Peoria after spending several weeks at the Stockton home in this city. She was accompanied by Mrs. Alle Stockton, who will visit there indefinitely.

Mr. and Mrs. Bert Lurch will move to the property of the late Joseph Stockton on Sylvan street. S. A. Gould has purchased the Mrs. Mollie McGuire property on East Springfield street.

William Clark, who recently suffered a paralytic stroke, remains in a serious condition.

Billie and John Robert Munson of New Berlin, sons of Mr. and Mrs. Edward Munson, are spending the week with relatives here.

Mr. and Mrs. Calvin Daniels and daughters, Gladys and Valma, spent several days in Springfield this week with relatives.

MAVERICKS

If present conditions keep up in Ireland there won't be anybody left to enjoy home rule when it comes.

John Sandine of the Moline Dispatch had a new automobile, costing about \$5,000, stolen in Davenport, Iowa, the other day. John will get but little sympathy out of us. We can't imagine an editor in these days having enough money to buy an automobile.

Military authorities in the regime of the Czar never dreamed of sending men to slaughter in battle with the abridgment that has been shown by Lenin and Trotsky.

Do you remember back in the days when it took a wagon to haul home \$5 worth of groceries? One can carry that amount of groceries in his vest pocket these days.

Senator Hitchcock tells why he is supporting Cox for president. The dispatches tell us. After President Wilson said he and Governor Cox were in accord on the league of nations and Senator Hitchcock stood on the floor of the senate and fought for the league covenant without the crossing of a or the dotting of an "i", it would seem that he is wasting time in telling the American people why he is for Cox.

Republican day at the Kankakee fair was given over almost exclusively this year to Mayor Thompson of Chicago. Thousands of leaders and men of the rank and file who attended the Kankakee fair in past years were conspicuous by their absence. It is becoming more evident every day that down state Republicans are not tickled to death with Len Small's political bedfellows.

Governor Cox says the Democrats will not attempt to match dollars with the Republicans. They are in a bad fix then for it is impossible for them to match brains with them.

Dispatches tell us that the Prohibition candidate lambasts Senator Harding. However, Harding should worry as he is not running on the Prohibition ticket.

Governor Cox after doing a lot of talking about the Republican campaign fund presented a lot of extracts from the official bulletin published by the Republican national committee. The information was what almost every Republican in the country already knew.

Kankakee was threatened with a gas famine last week. It does not seem possible after Mayor Thompson's speech, which was delivered at the Kankakee fair, fair.

Upham says the outbreak of Governor Cox is only a dream. Off hand we would say it is more like a nightmare. G. W. D.

WILL NOT MANUFACTURE PORCELAIN COINS Berlin.—The proposal to manufacture porcelain coin to the amount of 60,000,000 marks for the German republic has been abandoned. Some already had been produced at the Meissen manufactory and were disks of terra cotta color unglazed and un-milled but of faultless artistic impression. Experts of the Reichsbank, however, advised the government against their adoption, mainly on the ground that they would be unwieldy in the pocket or purse, could not be easily distinguished by touch and could not be counted with existing counting machinery.

One of the most important points raised in opposition to their use was that they might be imitated without particular difficulty except for a degree of hardness which could only be ascertained by tests by experts in porcelain.

FRANK E. WANNAMAKER.

Mr. Tustin is director of public works in Philadelphia. He said the purpose of such a bureau or department would be to enable the poor to obtain justice and the foreigner to be relieved from imposition, to establish a place where the weak, helpless and ignorant would have their wrongs righted.

"The development of a virtue legal aid association within our great municipalities is a question of vital concern to every patriotic citizen," declared Mr. Tustin. "The need has become imperative and its creation and careful development should be undertaken by all of our large cities."

In the past our best authorities have agreed that social injustice is responsible for the creation of more radical enemies to our government than any other cause.

"The mayor of one of our largest cities, who has had great experience, has stated within a few weeks that trifling misunderstandings concerning municipal and social injustices is responsible for 90 per cent. of the extreme radicalism in the country."

"Immigration in the future will come largely from Eastern European countries and the opportunity for imposition and unlawful practices will be much increased."

Despite the excellent arguments advanced we believe that legal aid should be made a municipal function, rather than connected with the administration of our courts. The tendency in many communities to impose extra judicial duties upon our judges has not only resulted in a distinct lowering of the judicial dignity, but also in many cases has interfered with the ability of our judges to render prompt, correct and impartial decisions upon legal questions.

"The duty of the municipality, on the other hand, to conduct a legal aid bureau is just as much a civic duty as cleaning streets and providing water. A bureau to investigate and defend impositions upon the poor and the ignorant and to furnish a proper and rational defense for men, women and children without means is just as much an obligation as to fill the office of district attorney for the prosecution of crimes, or to provide a city solicitor to enforce health mandates and building restrictions."

Owing to the large number of first offenders in crime, Mr. Tustin said, "there is a great need of a public defender in all our large municipalities." He foresaw, however, that it would be many years before this office would be generally adopted and said that until this was done duties of the office should be performed by a municipal aid bureau.

Local Bar associations should take on the burden of cultivating public sentiment so as to prevent the legal aid bureaus from becoming tainted with political partisanship and should appoint a committee to advise and cooperate with the legal aid bureaus. Such a bureau, he said, had been authorized in Philadelphia.

ILLINOIS SOLDIERS RETURN TO OLD JOBS

Less Than Thirty-five Per Cent of Returned Service Men Failed to Return to Old Jobs in Illinois, According to Report.

Springfield, Ill. — Less than thirty-five per cent of returned service men have failed to return to their old jobs in Illinois, according to statistical tables just completed by the state department of labor.

Of 126,724 male workers who left forty-five different industries to go to war from this state, 88,177 have returned to their old jobs, and of 212 women who took up war work, 105 are back.

"This showing," Barney Cohen, director of Labor said, "redounds greatly to the credit of the Illinois employers. By the powers vested in the department by the rehabilitation act, passed by the fifty-first general assembly, it has been possible to make a thorough and systematic canvass of all Illinois industries employing five or more workers."

"Employers are almost unanimous in their willingness to re-employ service men. And many of them are of the attitude of one employer who responded to our questionnaire with this criticism, 'Let them return? Your law is wrong. Make them return.'"

Free employment offices over the state, Mr. Cohen said, are not only giving special attention to getting the soldiers back, but are instructing the soldier boys in their industrial opportunities and rights.

"A re-confirming report" he said, "will be made in 1921, so that soldiers from hospitals will be kept track of and their interests safe-guarded."

RETURNS FROM VISIT.

William N. Kitner has returned from a visit of ten days in Missouri, Oklahoma and Kansas. Mr. Kitner first visited his son, Jack Kitner at Lamar, Mo. They then took an automobile trip thru Joplin, Carthage and other Missouri points. The trip took them into Oklahoma to Tulsa and back thru Cherryvale, Girard and other Kansas points. He was much impressed with the country and said he saw some corn as fine as any in Illinois. He believes the young man should go to that country as there are great opportunities.

REPORT SHOWS CORN AND POTATO ACREAGE

Figures Issued by Bureau of Crop Estimates Gives Corn and Potato Acreage in Various Counties of Illinois.

SPRINGFIELD, Ill. — Farmers of McLean county will harvest an estimated 322,338 acres of corn this year, the high mark in Illinois, whose 102 counties altogether will harvest 8,772,000 acres, two per cent more than harvested last year. Cook county will harvest the most potatoes, 9,252 acres of the state total of 139,500 acres, which is ninety per cent of last year's total.

These figures are contained in the monthly Crop Report, just issued here by the Bureau of Crop Estimates. Besides dealing chiefly with corn and potatoes, the report gives statistics for the state. Fleeces of wool weigh the most in Iroquois county, where they average 12 pound to the fleece. A ten pound average is reported for Ford, Jersey and DuPage counties.

GET ACQUAINTED WITH YOUR BODY

A great deal of physical distress is the result of an interference with Nature's way to keep the body in health. For this reason the more one knows about the body the better chance there is to resist disease and enjoy health.

The human structure is so constituted that it is unnatural for disease to creep in. The nerve system is designed to give health to all organs and keep them in repair. But Chiropactic that wonderfully successful drugless health science, has discovered that disease of any part of the body, headaches, stomach trouble, rheumatism, etc., is due to an interference with the flow of nerve energy to these affected organs, caused by the pressure of the bones of the spine on certain nerves. The Chiropactor detects defects in the spine and by scientific adjustments relieves the pressure and removes the cause of the trouble.

When the distribution of energy is restored to normal, the weak and diseased organs are again supplied with sufficient power and the natural healing forces build up and strengthen them. Health follows naturally. Every progressive, thinking man and woman should know about

CHIROPRACTIC

and learn more of the mechanics of the human body. Such knowledge will be great benefit now and in the future, and especially when illness threatens. Chiropactic (KI-RO-PRAK-TIC) has helped thousands back to health and strength, and it will help you and your loved ones and friends. Information gladly given.

Mr. Tustin is director of public works in Philadelphia. He said the purpose of such a bureau or department would be to enable the poor to obtain justice and the foreigner to be relieved from imposition, to establish a place where the weak, helpless and ignorant would have their wrongs righted.

"The development of a virile legal aid association within our great municipalities is a question of vital concern to every patriotic citizen," declared Mr. Tustin. "The need has become imperative and its creation and careful development should be undertaken by all of our large cities."

"In the past our best authorities have agreed that social justice is responsible for the creation of more radical enemies to our government than any other cause."

"The mayor of one of our largest cities, who has had great experience, has stated within a few weeks that trifling misunderstandings concerning municipal and social justice is responsible for 90 per cent of the extreme radicalism in the country."

"Immigration in the future will come largely from Eastern European countries and the opportunity for imposition and unlawful practices will be much increased."

Despite the excellent arguments advanced, we believe that legal aid should be made a municipal function, rather than connected with the administration of our courts. The tendency in many communities to impose extra judicial duties upon our judges has not only resulted in a distinct lowering of the judicial dignity, but also in many cases has interfered with the ability of our judges to render prompt, correct and impartial decisions upon legal questions.

"The duty of the municipality, on the other hand, to conduct a legal aid bureau is just as much a civic duty as cleaning streets and providing water. A bureau to investigate and remove health impositions upon the poor and the ignorant and to furnish a proper and rational defense for men, women and children without means is just as much an obligation as to fill the office of district attorney for the prosecution of crimes, or to provide a city solicitor to enforce health mandates and building restrictions."

Owing to the large number of first offenders in crime, Mr. Tustin said, "there is a great need of a public defender in all our large municipalities." He foresaw, however, that it would be many years before this office would be generally adopted and said that until this was done duties of the office should be performed by a municipal aid bureau. Local bar associations should take on the burden of cultivating public sentiment so as to prevent the legal aid bureaus from becoming tainted with political partisanship and should appoint a committee to advise and cooperate with the legal aid bureaus. Such a bureau, he said, had been authorized in Philadelphia.

GET ACQUAINTED WITH YOUR BODY

A great deal of physical distress is the result of an interference with Nature's way to keep the body in health. For this reason the more one knows about the body the better chance there is to resist disease and enjoy health.

The human structure is so constituted that it is unnatural for disease to creep in. The nerve system is designed to give health to all organs and keep them in repair. But Chiropactic that wonderfully successful drugless health science, has discovered that disease of any part of the body, headaches, stomach trouble, rheumatism, etc., is due to an interference with the flow of nerve energy to these affected organs, caused by the pressure of the bones of the spine on certain nerves. The Chiropactor detects defects in the spine and by scientific adjustments relieves the pressure and removes the cause of the trouble.

When the distribution of energy is restored to normal, the weak and diseased organs are again supplied with sufficient power and the natural healing forces build up and strengthen them. Health follows naturally. Every progressive, thinking man and woman should know about

CHIROPRACTIC

THE BETTER WAY TO HEALTH

and learn more of the mechanics of the human body. Such knowledge will be great benefit now and in the future, and especially when illness threatens. Chiropactic (KI-RO-PRAK-TIC) has helped thousands back to health and strength, and it will help you, your loved ones and friends. Information gladly given.

Farm Bureau Notes

The Illinois Seed Law—The following farm seeds must be analyzed and properly labeled before being offered for sale within this state for seeding purposes: red clover, mammoth clover, white clover, alsike clover, sweet clover, alfalfa, timothy, Kentucky blue grass, broom grass, orchard grass, meadow fescue, oat grass, rye grass, vetch, rape, corn and millets. This law declares as noxious the following weed: field sorrel, Canada thistle, quack grass, curled dock, ox-eye daisy, clover and alfalfa dodder, field dodder, corn cockle, wild carrot. Specimens of these noxious seeds and the labels required by the law may be seen at the Farm Bureau tent on the chautauqua ground. We have a limited supply of copies of the law, which will be passed out to those who ask for them.

Crop Rotations to Starve Chinch Bugs—From remarks made by members from various parts of the county on Friday, we have found that chinch bugs are appearing where they were not expected. Inquiries are made daily about the crop rotation advised to starve the bug. We are quoting liberally from a circular issued by W. P. Flint, Chief Field Entomologist and W. L. Burlinson, Chief in Crop Production at the College of Agriculture.

During the past ten years chinch-bug damage has been very severe in the southwestern counties of Illinois. Where the rotations generally in use in that section have been followed, corn has been grown largely at a loss and small grains and grasses have suffered severe injury. By substituting other profitable crops however, which are well adapted to this area but on which the chinch-bug will not feed, the loss sustained by chinch-bug injury may be greatly reduced.

Life History—The chinch-bug is a two-brooded insect throughout the State of Illinois. It passes the winter only in the adult stage, hibernating in the shelter afforded by hedges, fence rows, roadsides, leaves and trash. In the spring when a succession of warm days with temperatures above 70 degrees, occurs, it flies from its winter quarters to fields of small grains and grasses. During the next month to six weeks the females deposit their eggs, each laying from one hundred to two hundred or more. Young bugs hatching from these eggs become mature during the last of June and first of July, by which time the bugs which have wintered over have all died. The first brood then fly to fields of corn or other grasses and deposit eggs during the last of July and first of August, from which the second brood of bugs hatch. During August and September the second brood mature and fly to winter hibernating quarters during October. By the latter part of September all adults of the first brood have died, leaving only the second brood to live thru the winter.

Food Habits—The chinch-bug feeds entirely upon the sap of the grass crops. The most common food plants in this state are: wheat, rye, barley, oats, millet, sorghum field corn, broom corn, barn grass and foxtail. The bugs also feed on feterita, Kafir corn, timothy, blue grass, prairie grass, Sudan grass, speltz, summer, other grass crops, and wild grasses. They suck the sap thru a sharp, tubular beak, which they insert in the plants; hence they can feed on plants only when they are green and succulent. The first brood of the bugs depend for their food mainly on small grain, especially wheat, rye, and oats, although some bugs develop on wild cultivated grasses. During a normal season nearly all grass crops have dried out or been harvested by the second brood make their appearance. These must therefore depend very largely on corn for their food supply, a few developing on tim-

othy, blue grass, and wild grasses present in cultivated fields.

Hauls Limestone With Tractor

H. W. Dinwiddie of Arcadia received a carload of limestone, Thursday and hauled it from the station at Litchberry in a hurry. He made a train of three or four wagons filled them with limestone at the car and then pulled them out with a Fordson tractor. So far as the county agent knows, this is the first train load of limestone to be pulled over Morgan county roads with a tractor. Mr. Dinwiddie will use this limestone to start a field of alfalfa this month.

State Livestock Exchange—A

Live stock exchange has been started by the live stock marketing department of Illinois agricultural association that will be a medium thru which feeders and breeders can purchase and sell their stock. Two lines of buying and selling in the exchange are now ready for operation. Mr. Lee Divine will handle the hog feeder buying and Mr. E. M. Clark will assist in the buying and selling of grade and pure bred dairy cattle. The exchange hopes to be in a position soon to purchase feeder cattle. After these lines are well under way it is probable that the Exchange will act as a medium thru which to buy and sell pure bred live stock.

This exchange will operate thru the eighty seven county bureau organizations of the state, and probably similar to their present county exchanges. A monthly bulletin will be issued to all Farm Bureau offices containing the "for sale wants" of all the state, and it is likely that this list will be advertised. The "for sale and wants" will come to the I. A. A. office and the exchange will act as a clearing house. It is the plan to charge enough for this service to make it self-supporting. A committee of four men who are chairmen of the live stock and dairy committees of the state, farm advisors and Illinois Agricultural association will work on the details of the exchange. These men are John T. Montgomery, farm advisor of Henry County; Sidney B. Smith, farm advisor of Macon county; G. C. Johnstone, of Bloomington and Henry McGough of Maple Park.

Jacksonville Chapter No. 3 R. A. M. will hold a convocation Monday evening at 7:30 o'clock. WORK. Visiting companions welcome.

FARMER'S WIFE GAINS 19 POUNDS

Husband Says Change is So Remarkable It Is Almost Unbelievable.

"Yes, sir, my wife has every reason for praising Tanlac since it has overcome her nine years of troubles and added nineteen pounds to her weight," was the statement made by C. F. Brouse, a well known and prosperous farmer of Gladstone, Ill., when he called at Henry's drug store in Burlington, Iowa, a few days ago.

"My wife has suffered so long that she was on the verge of a breakdown, why, for the past year she has been unable to do any of her housework and for days at a time has been confined to her bed," continued Mr. Brouse. "Indigestion troubled her so bad that she would never enjoy what she ate. Gas caused her heart to palpitate some thing awful and she had severe pains in her right side. She was so nervous that any little unexpected noise made her jump as if somebody had shot a gun behind her back. She got but little sleep or rest at night and went around feeling weak and worn out. She had fallen off until she was about thirty pounds under weight and, in short, was almost a complete wreck."

"She had taken all sorts of medicine but gradually kept getting worse until she started taking Tanlac, and then a change for the better commenced. And I tell you the change that has come over her has been so remarkable as to be almost unbelievable. Why, she has taken only three bottles of Tanlac and after nine years of troubles have left her and she is looking like a different woman altogether. She is eating anything and everything she wants and never has a sign of indigestion. Her nerves are in splendid condition and she gets sound restful sleep every night. She has gained nineteen pounds, as I said, and is doing all her housework by herself. We called the Christmas that has just passed our Tanlac Christmas for it was Tanlac that put new life and strength into my wife and enabled her to enjoy perfect health for the first time in many years."

Tanlac is sold in Jacksonville by Coover and Shreve and by the leading drug store in every town.—Adv.

SOLDIER OF FORTUNE WITH POLISH ARMY

Charles Sweeney, Millionaire, Has Fought in Many Lands—Was Wounded in Argonne Offensive.

NEW YORK, Aug. 28.—War despatches making more than casual mention of Brigadier General Charles Sweeney have lent to the Polish struggle more than an impersonal interest to American army officers at Governors Island, who are well acquainted with Sweeney—an American soldier of fortune with both principle and purse.

Men of no fortune at all who fight in any old or young army for the sake of excitement and patty pay are common enough. But Sweeney, U. S. A., is a notable exception. He is a multi-millionaire's son, his father having amassed great wealth in the famous Coeur D'Alene mines of Washington and Idaho, and the soldier is more than a millionaire in his own right.

He put in three years at West Point and then sought the life of an active soldier. In Mexico, South and Central America and Europe he has struck blows in desperate causes.

Sweeney, a former lieutenant-colonel in the United States army, attached to the general staff, was in Paris during the spring of 1919 recovering from wounds suffered in the Argonne offensive with the American Expeditionary forces when he learned that Poland was in need of officers for her new armies. He consulted with the then Premier Paderewski and offered to recruit volunteers when he returned to America to be mustered out of the service. In three weeks he had selected 200 former American army officers, all of whom had seen service in many battles in France. Colonel Sweeney sailed for Poland in September last year with the first of his officer contingent.

He was not long in getting into the Pole-Red fight and in recognition of his splendid services Poland commissioned him a Brigadier General. Recent despatches say that he has been marked out by his gallantry and leadership.

This Irish-American-Polish general for whom a soft life has held no appeal, began his career on the battlefield on leaving West Point after he tried mining for a while. He went to Mexico and got his "baptism of fire" and a wound in the Madero affair. Upon recovery, Sweeney packed up for South America where he took a hand in several of the revolutions.

He got into the world war as a private in the Foreign Legion. In the first Champagne battle in September, 1915, Sweeney was commissioned a lieutenant on the field for conspicuous gallantry. He was severely wounded and gassed in this battle, and on a hospital cot in Paris, he was awarded the Cross of the Legion of Honor.

Two other important decorations were bestowed on him in rapid succession and he had a great reputation for bravery. Soon after being made a captain in the French forces, he was sent to the United States upon advice of Ambassador Sharp, as an instructor in 1917.

Sweeney was commissioned a major in the United States army and helped train the 80th division at Camp Lee. He went overseas with this division, got badly "shot up" in the Argonne and was promoted to lieutenant colonel for gallantry before the enemy, and assigned to the general staff of the A. E. F.

ARGENTINA STILL IN CONTROL OF HER OIL FIELDS

Buenos Aires — Argentina has refused a British offer of 10,000,000 pounds for the control of the government's petroleum producing properties, maintaining its traditional attitude of guarding these deposits for the benefit of the nation. The offer was made by Frederick White, representing the Cowdry interests.

While the government's petroleum fields at Comodoro Rivadavia are producing approximately 200,000 tons of petroleum annually, the fuel shortage in the nation has given rise to agitation for more extensive development. A despatch from London quotes Mr. White as explaining that President Irigoyen expressed himself as anxious for increased production but that he was unwilling to see the exploitation taken out of the hands of the Argentine people.

Other offers for these fields have been refused in the past, including offers from North American promoters.

AID CHINA IN FIGHTING

EPIDEMIC OF CHOLERA

New York. — American Baptist medical missionaries and students from the Union Theological Seminary Medical School are aiding the Chinese authorities in fighting a severe cholera epidemic in Cheung, Szechuan province, West China. W. P. Lippard, secretary of the American Baptist Foreign Missionary society, has just received a message from Dr. W. R. Morse, of Cheung, stating that the provincial officials called upon the French doctors of the Pasteur Institute and Dr. Morse and Dr. Allen, of the China Medical Missionary association, to help fight the epidemic. The Chinese officials accepted the advice of these medical men and placarded Cheung with instructions for preventive measures. Dr. Morse's message stated:

"We are here where plague and epidemic and pestilences begin. Were Asiatic cholera entering San Francisco the American nation would spend millions gladly to stop it, but here, for hundreds or thousands we can kill the trouble before it can raise its head away from home. We are doing what we can with an inadequate force and little money, but we are putting our schools and pupils to a very real test and we'll win out."

Secretary Lippard stated that as a result of the Baptist New World Movement it is hoped to enlarge the medical school and hospital at Cheung and also to send approximately 85 missionaries to the several missions in China during the next four years.

AMERICAN LEGION ASSISTING RELATIVES

Giving Great Aid in Helping Find Soldiers Missing in Action — Lists Sent to Papers for Publication.

New York. — The American Legion is making an effort to mitigate a distressing phase of the aftermath of war, the 2,000 personal mysteries of the great struggle of men who are classified in army and navy lists as "missing in action", "killed in battle" and "presumably dead". The work has been rewarded with some success, it is announced. In several instances the Legion Weekly has obtained for a mother more and clearer details of how her service son died, or put a wife in touch with the comrades of her husband "missing in action."

Requests of relatives and friends of soldiers, sailors, marines and military nurses about whose fate little is known, are being sent to newspapers throughout the country for publication. Results of this publicity are carefully tabulated at offices here.

All "buddies", officers, doctors, nurses or welfare workers, who may know something of the person of whom information is sought, are invited to communicate with the friends or relatives. Each week a long list of "buddies" are published in the Legion's organ and frequently a number of names of men and women who served in the war, but who failed to reach home, is sent to the newspapers.

The current result list of the Legion contains the following instances where desired information was furnished:

Mrs. Catherine Holbeck of Allentown, Pa., asked for information concerning the circumstances surrounding the death of her son, Sergeant Joseph Holbeck of Company C, 109th Machine Gun Battalion, 28th division, who died in a French hospital. The mother received a letter from Dr. Joseph Lintz, of New York who attended the dying soldier, giving details of his last hours.

Mrs. Lola Mason of McRae, Ga., asked for information that would throw some light on the disappearance of her son, F. Mason, Jr., corporal, 83rd Company, Sixth Marines. The soldier wrote his mother that he would be home for Christmas, 1918, but did not appear and nothing further was heard of him. Mrs. Mason reported that she received two letters, one from the son himself, saying that he had recovered from a long illness.

Many curious and touching appeals are received. A mother wants to know if her son, who died in a field hospital, "said anything on his death bed". Another parent whose son was gassed, captured and afterward died, desires information from his comrades as to what kind of gas was used and how it affects men. Information is sought of an army nurse who was last heard of en route to France two years ago. A distressed family seek word from the "buddies" of its soldier who was last seen walking on a battlefield wounded.

STATE NORMAL SCHOOLS

FURNISH MANY TEACHERS
Springfield, Ill., Aug. 28. — School teachers sufficient to supply all vacancies in Illinois were graduated this year from the fifty-two normal schools and colleges in the state, according to reports compiled by the state superintendent of public instruction. Larger classes of graduates than ever before were turned out of colleges this year, and many of them have selected school teaching as a profession. Most of these

have obtained or are trying to obtain places in high schools.

Some scarcity of rural teachers still exists. A few counties have reported shortages from ten to twenty teachers, but some other counties are over-supplied.

Redistribution to supply all needs, the department hopes, will be effected before the time for school.

CO-OPERATIVE SOCIETY

MAKES BIG SAVING

Springfield, Ill., Aug. 28. — Members of the Central States Wholesale Co-operative society saved \$300,000 in grocery bills in the six months ending July 3, 1920, according to John H. Walker, president of the Illinois State Federation of Labor, who has just issued a call for the society's annual convention at East St. Louis, September 12.

Sales for the six months period included in the report amounted to \$11,068,638.25. In this period the society bought a building in East St. Louis of ample space to enable the business to expand.

STATE DEPT. OF HEALTH

HAS LARGE EXHIBIT

Springfield, Ill., Aug. 28. — The exhibition of the state department of health at the Illinois State Fair this week is four times as large as any previous state public health exhibit, according to Dr. C. St. Clair Drake, state director of public health. It requires the services of 165 trained attendants and covers 55,000 square feet.

Fifty-two doctors, psychologists, dentists and ophthalmologists have been engaged in examining babies. Arrangements were made to examine 800 and Dr. Drake said an equal number had made application too late to be taken care of.

This is the first time, Dr. Drake said, that entries of babies have surpassed in number any department of livestock.
